EXPLANATORY NOTE

Post-Effective Amendment No. 1 to the Registration Statement on Form S-3 (File No. 333-290374) (“Post-Effective Amendment No. 1”) of Empery Digital Inc. (the “Company”) was filed because the Company expected that it would no longer be a “well-known seasoned issuer” (as such term is defined in Rule 405 of the Securities Act of 1933, as amended) when it filed its Annual Report on Form 10-K for the fiscal year ended December 31, 2025. Pursuant to interpretive guidance published by the United States Securities and Exchange Commission’s Division of Corporation Finance, Post-Effective Amendment No. 1 was filed to add disclosure to the Registration Statement required for a registrant other than a well-known seasoned issuer and certain other amendments. No additional securities were registered under Post-Effective Amendment No. 1. This Post-Effective Amendment No. 2 to the Registration Statement on Form S-3 (“Post-Effective Amendment No. 2”) is being filed using EDGAR submission type POS AM in order to convert the Registration Statement to the proper EDGAR submission type for a non-automatic shelf registration statement.

This Post-Effective Amendment No. 2 contains two prospectuses:

- A base prospectus that outlines the potential offering, issuance and sale from time to time of up to an aggregate of \$200,000,000 of the securities identified therein from time to time in one or more offerings.
- A prospectus supplement (the “warrant shares prospectus supplement”) that covers the offering, issuance and sale of 2,079,797 shares of common stock issuable upon exercise of pre-funded warrants and 4,638,219 shares of common stock issuable upon exercise of common warrants of the Company pursuant to a securities purchase agreement with certain investors.

The base prospectus immediately follows this explanatory note. The specific terms of any securities to be offered pursuant to the base prospectus will be specified in a prospectus supplement to the base prospectus. The warrant shares prospectus supplement immediately follows the base prospectus. On March 24, 2026, the Company filed a prospectus supplement to the Registration Statement on Form S-3 (File No. 333-290374), dated March 23, 2026, covering an offering of common stock, common warrants, pre-funded warrants and shares of common stock issuable upon the exercise of such pre-funded warrants and common warrants, that was completed on March 24, 2026. The warrant shares prospectus supplement included herein covers only the shares of our common stock issuable from time to time upon exercise of those pre-funded warrants and common warrants by the holders thereof.

The information in this preliminary prospectus is not complete and may be changed. We may not sell these securities until the registration statement filed with the U.S. Securities and Exchange Commission is effective. This preliminary prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any jurisdiction where the offer or sale is not permitted.

THE COMPANY

Overview

Empery Digital Inc. (“Empery Digital” or the “Company”) was formed on February 21, 2020, as a Delaware corporation, under the name Frog ePowersports, Inc. The Company was renamed Volcon, Inc. on October 1, 2020. The Company was renamed Empery Digital Inc. on July 30, 2025, in connection with which the Company changed its Nasdaq ticker symbol from VLCN to EMPD.

Digital Asset Treasury Strategy

On July 17, 2025, the Company announced its entry into securities purchase agreements with certain institutional and accredited investors in private placements for the purchase and sale of 44,414,189 shares of common stock of the Company, par value \$0.00001 per share and pre-funded warrants to purchase up to an aggregate of 5,728,662 shares of common stock with an exercise price of \$0.00001, at a price of \$10.00 per share, for aggregate gross proceeds of approximately \$501.0 million which includes payment in Bitcoin (“BTC” or “Bitcoin”) of \$28.0 million, before deducting placement agent fees and other offering expenses (the “Private Placements”). The Private Placements closed on July 21, 2025. The Company has used the net proceeds of \$452.0 million from the Private Placements (excluding the \$28.0 million of BTC received) to purchase or otherwise acquire BTC and for the establishment of the Company’s cryptocurrency treasury operations. In connection with the announcement of the Private Placements, the Company announced the launch of its digital asset treasury strategy, pursuant to which the Company plans to pursue a number of strategic initiatives to acquire additional BTC and potentially other digital assets.

The key component of the digital asset strategy is to optimize the Company’s capital structure to increase BTC per share to drive stockholder value. This includes issuing equity when market conditions allow us to raise capital at a premium to net asset value (“NAV”), defined as the value of BTC holdings plus cash, minus debt divided by adjusted outstanding shares which includes common stock outstanding plus all pre-funded warrants outstanding. On October 18, 2024, the Company entered into an At-The-Market Issuance Sales Agreement with Aegis, as placement agent, as amended by Amendment No. 1 to the At-The-Market Issuance Sales Agreement on July 14, 2025 (the “ATM Sales Agreement”), pursuant to which the Company established an At The Market (“ATM”) program pursuant to which the Company can sell up to \$1.1 billion of common stock.

In addition, our strategy includes repurchasing our common stock when our common stock is trading below NAV per share. The Company also has a share repurchase program that allows it to repurchase up to \$150.0 million of common stock as of December 31, 2025, which was expanded to \$200.0 million on February 2, 2026 and through March 25, 2026 has bought 23,114,391 shares of common stock for \$135.6 million, including commissions, at an average price of \$5.87. Share repurchases have been funded with proceeds from two borrowing arrangements, that allow for borrowings of up to \$150.0 million, of which \$95.0 million is outstanding as of March 25, 2026, and sales of BTC. Some of our BTC is held by these lenders as collateral for outstanding borrowings which we may repay with future equity offerings or by selling BTC.

Additionally, a significant component of the digital asset treasury strategy is to reduce costs across the Company so that cash generated from operations can be used to pay operating expenses and any excess cash generated can be used to purchase more BTC or repurchase shares of our common stock. We also generated, and may continue to generate, income through buying and selling derivatives on BTC, including the use of short-term put and call contracts.

The Company also recognizes the risk that digital assets pose with respect to digital wallets being compromised and the Company uses institutional-grade custodians to hold its BTC in wallets, some of which are isolated from the internet, referred to as cold storage, to minimize this risk. We view our BTC as long-term holdings, although there are no restrictions on selling BTC that is not held as collateral by our lenders.

The BTC market has been characterized by significant volatility in price, relative anonymity, a developing regulatory landscape, potential susceptibility to market abuse and manipulation, compliance and internal control failures at exchanges, and various other risks that are, or may be, inherent in its entirely electronic, virtual form and decentralized network.

Electric Vehicles

The Company began its operations as an all-electric, off-road powersports vehicle business. Beginning in 2021, we began efforts to sell off-road powersports vehicles beginning with an electric two-wheeled motorcycle that we discontinued in March 2025. In 2022 we introduced an E-Bike, the Brat, and continue to sell this product. In late 2024 we began selling the HF1 UTV, the MN1 Adventurer and MN1 Tradesman UTV, along with a line of upgrades and accessories. As discussed below, in October 2025, we sold the HF1 and MN1 product lines.

Implications of Being an Emerging Growth Company

We qualify as an “emerging growth company” as the term is used in The Jumpstart Our Business Startups Act of 2012 (the “**JOBS Act**”), and therefore, we may take advantage of certain exemptions from various public company reporting requirements, including:

- a requirement to only have two years of audited financial statements and only two years of related selected financial data and management’s discussion and analysis;
- exemption from the auditor attestation requirement on the effectiveness of our internal controls over financial reporting;
- reduced disclosure obligations regarding executive compensation; and
- exemptions from the requirements of holding a non-binding advisory stockholder vote on executive compensation and any golden parachute payments.

We may take advantage of these provisions for up to five years or such earlier time that we are no longer an emerging growth company. We would cease to be an emerging growth company if we have more than \$1.235 billion in annual revenues, have more than \$700.0 million in market value of our capital stock held by non-affiliates or issue more than \$1.0 billion of non-convertible debt over a three-year period. We may choose to take advantage of some, but not all, of the available benefits of the JOBS Act. We have taken advantage of some of the reduced reporting requirements in this prospectus. Accordingly, the information contained herein may be different than the information you receive from other public companies in which you hold stock. In addition, the JOBS Act provides that an emerging growth company can delay adopting new or revised accounting standards until such time as those standards apply to private companies. We have elected to avail ourselves of this exemption from new or revised accounting standards and, therefore, we will not be subject to the same new or revised accounting standards as other public companies that are not emerging growth companies. Subsequent to December 31, 2026, we will no longer qualify as an emerging growth company and will no longer be able to take advantage of these provisions.

Company Information

We are a Delaware corporation and were incorporated in February 2020. The Company completed its initial public offering in October 2021. Our principal executive offices are located at 3121 Eagles Nest Street, Suite 120, Round Rock, TX 78665. Our website address is empyrdigital.com. Our phone number is (512) 400-4271. We make our periodic reports and other information filed with, or furnished to, the SEC available free of charge through our website. RISK FACTORS

Before making an investment decision, you should consider the “Risk Factors” included under Item 1A of our most recent Annual Report on Form 10-K for the fiscal year ended December 31, 2025, as filed with the SEC on March 27, 2026, all of which are incorporated by reference in this prospectus, as updated by our future filings with the SEC. The market or trading price of our Common Stock could decline due to any of these risks. In addition, please read “Forward-Looking Statements” in this prospectus, where we describe additional uncertainties associated with our business and the forward-looking statements included or incorporated by reference in this prospectus. Please note that additional risks not currently known to us or that we currently deem immaterial may also impair our business and operations. The accompanying prospectus supplement may contain a discussion of additional risks applicable to an investment in us and the Common Stock we are offering under that prospectus supplement.

USE OF PROCEEDS

Except as otherwise set forth in any accompanying prospectus supplement, we expect to use the net proceeds from the sale of securities to acquire additional Bitcoin, and possibly other digital assets, repayment of debt, and for general corporate purposes, unless otherwise indicated in the applicable prospectus supplement. We have not determined the amount of net proceeds to be used specifically for any particular purpose. As a result, management will retain broad discretion over the allocation of net proceeds of any offering.

Unless set forth in an accompanying prospectus supplement, we will not receive any proceeds if securities are sold by a selling securityholder.

DESCRIPTION OF SECURITIES

This prospectus contains summary descriptions of the Common Stock, debt securities, Preferred Stock, warrants, rights and units that may be offered and sold from time to time. This summary is not complete, and is qualified by reference to our amended and restated certificate of incorporation (as amended), our third amended and restated bylaws (the “Bylaws”), the certificate of designations designating Series A Preferred Stock (the “Certificate of Designations”), and the Rights Agreement (as defined herein), each of which are incorporated by reference herein. We encourage you to read our amended and restated certificate of incorporation (together with all amendments thereto, our “Certificate of Incorporation”), our Bylaws, the Rights Agreement and the applicable provisions of the Delaware General Corporations Law for additional information.

DESCRIPTION OF CAPITAL STOCK

As of March 25, 2026, the Company had two classes of securities registered under Section 12 of the Securities Exchange Act of 1934, as amended, our common stock, par value \$0.00001 per share, and rights to purchase shares of Series A Preferred Stock, par value \$0.00001 per share.

As of March 25, 2026, there were 30,247,668 shares of common stock issued and outstanding.

As of March 25, 2026, there were 30,247,668 Rights issued and outstanding.

Authorized Capital Stock

Our certificate of incorporation authorizes us to issue 255,000,000 shares of capital stock consisting of 250,000,000 shares of common stock, par value \$0.00001 per share and 5,000,000 shares of preferred stock, par value \$0.00001 per share.

Common Stock

Shares of our common stock have the following rights, preferences and privileges:

Voting

Each holder of common stock is entitled to one vote for each share of common stock held on all matters submitted to a vote of stockholders. Any action at a meeting at which a quorum is present will be decided by the affirmative vote by the holders of a majority in voting power of the votes cast (excluding abstentions and broker non-votes) on such matter, except in the case of any election of directors, which will be decided by a plurality of votes cast. There is no cumulative voting.

Dividends

Holders of our common stock are entitled to receive dividends when, as and if declared by our board of directors out of funds legally available for payment, subject to the rights of holders, if any, of any class of stock having preference over the common stock. Any decision to pay dividends on our common stock will be at the discretion of our board of directors. Our board of directors may or may not determine to declare dividends in the future. The board's determination to issue dividends will depend upon our profitability and financial condition, any contractual restrictions, restrictions imposed by applicable law and the SEC, and other factors that our board of directors deems relevant.

Liquidation Rights

In the event of a voluntary or involuntary liquidation, dissolution or winding up of the Company, the holders of our common stock will be entitled to share ratably on the basis of the number of shares held in any of the assets available for distribution after we have paid in full, or provided for payment of, all of our debts and after the holders of all outstanding series of any class of stock have preference over the common stock, if any, have received their liquidation preferences in full.

Other

Our issued and outstanding shares of common stock are fully paid and nonassessable. Holders of shares of our common stock are not entitled to preemptive rights. Shares of our common stock are not convertible into shares of any other class of capital stock, nor are they subject to any redemption or sinking fund provisions.

Preferred Stock

We are authorized to issue up to 5,000,000 shares of preferred stock. Our certificate of incorporation authorizes our board of directors to issue these shares in one or more series, to determine the designations and the powers, preferences and relative, participating, optional or other special rights and the qualifications, limitations and restrictions thereof, including the dividend rights, conversion or exchange rights, voting rights (including the number of votes per share), redemption rights and terms, liquidation preferences, sinking fund provisions and the number of shares constituting the series. Our board of directors could, without stockholder approval, issue preferred stock with voting and other rights that could adversely affect the voting power and other rights of the holders of common stock which could have the effect of making it more difficult for a third party to acquire, or of discouraging a third party from attempting to acquire, a majority of our outstanding voting stock.

On February 3, 2026, our board of directors designated 100,000 shares of preferred stock as Series A Preferred Stock, par value \$0.00001 per share. The Series A Preferred Stock has certain rights and preferences, as set forth in the certificate of designation, that are greater than, and may materially limit or qualify, the rights of our common stock.

The Series A Preferred Stock is reserved for issuance in connection with the Rights (as defined below) pursuant to the Rights Agreement. Upon issuance, each holder of the Series A Preferred Stock will be entitled to 1,000 votes, subject to adjustment as described in the certificate of designation, for each share of Series A Preferred Stock held on all matters submitted to a vote of stockholders. The Series A Preferred Stock ranks junior to any other series of our preferred stock. Subject to any preference rights of holders of any superior stock that we may issue in the future, and upon issuance of any Series A Preferred Stock, holders of our Series A Preferred Stock will be entitled to receive quarterly dividends, if any are declared by our board of directors out of legally available funds, in an amount per share (rounded to the nearest cent), subject to adjustment as described in the certificate of designation, equal to 1,000 multiplied by the aggregate per share amount of all cash dividends, and 1,000 multiplied by the aggregate per share amount (payable in kind) of all non-cash dividends or other distributions, other than a dividend payable in shares of common stock or a subdivision of the outstanding shares of common stock (by reclassification or otherwise) declared on the common stock since the immediately preceding quarterly dividend payment date or, with respect to the first quarterly dividend payment date, since the first issuance of any share or fraction of a share of Series A Preferred Stock.

In the event of our liquidation, dissolution or winding up, the holders of our outstanding Series A Preferred Stock are entitled to receive an amount per share equal to 1,000 multiplied by the aggregate amount to be distributed in respect of the common stock upon such liquidation, dissolution or winding up.

Description of Rights to Purchase Series A Preferred Stock

On February 3, 2026, our board of directors declared a dividend of one preferred stock purchase right (a “Right”) for each share of common stock outstanding as of February 13, 2026, pursuant to a Rights Agreement with Computershare Trust Company, N.A., as Rights Agent (the “Rights Agreement”). The following is a summary description of the Rights as of March 25, 2026 and is qualified in its entirety by the detailed terms and conditions of the Rights Agreement and the certificate of designations.

Each Right entitles the holder to purchase one one-thousandth of a share of Series A Preferred Stock at a purchase price of \$15.00, subject to adjustment. The Rights are initially attached to all common stock and will separate and become exercisable upon a person or group acquiring beneficial ownership of 12.5% or more of the outstanding common stock (an “Acquiring Person”), subject to certain exceptions for the Company, its employee benefit plans, grandfathered stockholders, and passive institutional investors filing on Schedule 13G. The Rights will expire on February 2, 2027, and may be redeemed by our board of directors at \$0.00001 per Right prior to any person becoming an Acquiring Person.

Distribution Date; Exercisability; Expiration

Initially, the Rights will be attached to all certificates of common stock, and no separate certificates evidencing the Rights (“Right Certificates”) will be issued. Until the Distribution Date (as defined below), the Rights will be transferred with and only with the common stock. As long as the Rights are attached to the common stock, the Company will issue one Right with each new common stock so that all such common stock will have Rights attached.

The Rights will separate and begin trading separately from the common stock, and Right Certificates will be caused to evidence the Rights, on the earlier to occur of (i) the Close of Business (as such term is defined in the Rights Agreement) on the 10th day following a public announcement, or the public disclosure of facts indicating (or our board of directors becoming aware), that a Person (as such term is defined in the Rights Agreement) or group of affiliated or associated Persons has acquired Beneficial Ownership (as defined below) of 12.5% or more of the outstanding common stock (an “Acquiring Person”) (or, in the event our board of directors determines to effect an exchange in accordance with Section 24 of the Rights Agreement and our board of directors determines that a later date is advisable, then such later date) or (ii) the Close of Business on the 10th Business Day (as such term is defined in the Rights Agreement) (or such later date as may be determined by action of our board of directors prior to such time as any Person becomes an Acquiring Person) following the commencement of a tender offer or exchange offer the consummation of which would result in the Beneficial Ownership by a Person or group of 12.5% or more of the outstanding common stock (the earlier of such dates, the “Distribution Date”). As soon as practicable after the Distribution Date, unless the Rights are recorded in book-entry or other uncertificated form, the Company will prepare and cause the Right Certificates to be sent to each record holder of common stock as of the Distribution Date.

An “Acquiring Person” will not include (i) the Company, (ii) any Subsidiary (as such term is defined in the Rights Agreement) of the Company, (iii) any employee benefit plan of the Company or of any Subsidiary of the Company, (iv) any entity holding common stock for or pursuant to the terms of any such employee benefit plan or (v) any Person who or which, together with all Affiliates and Associates (as such terms are defined in the Rights Agreement) of such Person, at the time of the first public announcement of the Rights Agreement, is a Beneficial Owner (as such term is defined in the Rights Agreement) of 12.5% or more of the common stock then outstanding (a “Grandfathered Stockholder”). However, if a Grandfathered Stockholder becomes, after such time, the Beneficial Owner of any additional common stock (regardless of whether, thereafter or as a result thereof, there is an increase, decrease or no change in the percentage of common stock then outstanding Beneficially Owned (as such term is defined in the Rights Agreement) by such Grandfathered Stockholder) then such Grandfathered Stockholder shall be deemed to be an Acquiring Person unless, upon such acquisition of Beneficial Ownership of additional common stock, such person is not the Beneficial Owner of 12.5% or more of the common stock then outstanding. In addition, upon the first decrease of a Grandfathered Stockholder’s Beneficial Ownership below 12.5% of the common stock then outstanding, such Grandfathered Stockholder will no longer be deemed to be a Grandfathered Stockholder. In the event that after the time of the first public announcement of the Rights Agreement, any agreement, arrangement or understanding pursuant to which any Grandfathered Stockholder is deemed to be the Beneficial Owner of common stock expires, is settled in whole or in part, terminates or no longer confers any benefit to or imposes any obligation on the Grandfathered Stockholder, any direct or indirect replacement, extension or substitution of such agreement, arrangement or understanding with respect to the same or different common stock that confers Beneficial Ownership of common stock shall be considered the acquisition of Beneficial Ownership of additional common stock by the Grandfathered Stockholder and render such Grandfathered Stockholder an Acquiring Person for purposes of the Rights Agreement unless, upon such acquisition of Beneficial Ownership of additional common stock, such person is not the Beneficial Owner of 12.5% or more of the common stock then outstanding.

An “Acquiring Person” shall not include any Person which, together with all Affiliates and Associates of such Person, is the Beneficial Owner of common stock representing less than 20% of the common stock then outstanding, and which is entitled to file, and files, a statement on Schedule 13G pursuant to Rule 13d-1(b) or 13d-1(c) of the General Rules and Regulations under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), with respect to the common stock Beneficially Owned by such Person (a “13G Investor”); provided, that a Person shall not qualify as a 13G Investor if it has filed a statement on Schedule 13D (“Schedule 13D”) in the past five years with respect to common stock Beneficially Owned by such Person pursuant to Rule 13d-1(a), 13d-1(e), 13d-1(f) or 13d-1(g) of the General Rules and Regulations under the Exchange Act; provided, further, that a Person who was a 13G Investor shall no longer be a 13G Investor if it either (i) files a statement on Schedule 13D or (ii) becomes no longer entitled to file a statement on Schedule 13G (the earlier to occur of (i) and (ii), the “13D Event”), and such Person shall be an Acquiring Person if it is the Beneficial Owner (together with all Affiliates and Associates) of 12.5% or more of the common stock then outstanding at any point from and after the time of the 13D Event; provided, however, such Person shall not be an Acquiring Person if (i) on the first Business Day after the 13D Event such Person notifies the Company of its intent to reduce its Beneficial Ownership to below 12.5% as promptly as practicable and (ii) such Person reduces its Beneficial Ownership (together with all Affiliates and Associates of such Person) to below 12.5% of the common stock as promptly as practicable (but in any event not later than 10 days from such time); provided, further, that such Person shall become an “Acquiring Person” if, after reducing its Beneficial Ownership to below 12.5%, it subsequently becomes the Beneficial Owner of 12.5% or more of the common stock then outstanding or if, prior to reducing its Beneficial Ownership to below 12.5%, it increases (or makes any offer or takes any other action that would increase) its Beneficial Ownership of the then-outstanding common stock above the lowest Beneficial Ownership of such Person at any time during such 10-day period.

“Beneficial Ownership” is defined in the Rights Agreement to include any securities (i) which a Person or any of such Person’s Affiliates or Associates beneficially owns, directly or indirectly, within the meaning of Rule 13d-3 or 13d-5 of the General Rules and Regulations under the Exchange Act or has the right or ability to vote, or the right to acquire, pursuant to any agreement, arrangement or understanding (except under limited circumstances), (ii) which are directly or indirectly Beneficially Owned by any other Person with which a Person has any agreement, arrangement or understanding for the purpose of acquiring, holding, voting or disposing of such securities, or obtaining, changing or influencing control of the Company, or (iii) which are the subject of, or the reference securities for, or that underlie, certain Derivative Positions (as such term is defined in the Rights Agreement) of any Person or any of such Person’s Affiliates or Associates.

The Rights are not exercisable until the Distribution Date. The Rights will expire on the Close of Business on February 2, 2027 (the “Final Expiration Date”).

Exempt Persons and Transactions

The board of directors may, in its sole and absolute discretion, determine that a Person is exempt from the Rights Agreement (an “Exempt Person”), so long as such determination is made prior to such time as such Person becomes an Acquiring Person. Any Person will cease to be an Exempt Person if our board of directors makes a contrary determination with respect to such Person regardless of the reason therefor. In addition, our board of directors may, in its sole and absolute discretion, exempt any transaction from triggering the Rights Agreement so long as the determination in respect of such exemption is made prior to such time as any Person becomes an Acquiring Person.

Qualifying Offer Exemption

The Rights Agreement includes a “qualifying offer” provision, whereby the Rights will automatically expire concurrently with (but no earlier than 90 Business Days after the commencement of a Qualifying Offer (as defined in the Rights Agreement)) the acceptance, for purchase or exchange, of more than two-thirds of the common stock then outstanding on a fully diluted basis (excluding from the calculation of the number of common stock purchased or exchanged any common stock Beneficially Owned by the offeror or its Affiliates and Associates) pursuant to a tender or exchange offer for all of the common stock then outstanding for the same consideration, provided that the offeror irrevocably commits to purchase all remaining untendered common stock for the same per share consideration actually paid pursuant to the offer.

Flip-in Event

If a Person or group becomes an Acquiring Person at any time after the date of the Rights Agreement (with certain limited exceptions), the Rights will become exercisable for common stock having a value equal to two times the exercise price of the Right. From and after the announcement that any Person has become an Acquiring Person, if the Rights evidenced by a Right Certificate are or were acquired or Beneficially Owned by an Acquiring Person or any Associate or Affiliate of an Acquiring Person, such Rights shall become void, and any holder of such Rights shall thereafter have no right to exercise such Rights. If our board of directors so elects, the Company may deliver upon payment of the exercise price of a Right, an amount of cash, securities, or other property equivalent in value to the common stock issuable upon exercise of a Right.

Exchange

At any time after any Person becomes an Acquiring Person, our board of directors may exchange the Rights (other than Rights owned by any Person which have become void), in whole or in part, at an exchange ratio of one common stock per Right (subject to adjustment). The Company may issue, transfer or deposit such common stock (or other property as permitted under the Rights Agreement) to or into a trust or other entity created upon such terms as our board of directors may determine and may direct that all holders of Rights receive such common stock or other property only from the trust. In the event our board of directors determines, before the Distribution Date, to effect an exchange, our board of directors may delay the occurrence of the Distribution Date to such time as it deems advisable.

Flip-over Event

If, at any time after a Person becomes an Acquiring Person, (i) the Company consolidates with, or merges with, any other Person (or any Person consolidates with, or merges with, the Company) and, in connection with such consolidation or merger, all or part of the common stock are or will be changed into or exchanged for stock or other securities of any other Person or cash or any other property; or (ii) 50% or more of the Company's consolidated assets or Earning Power (as defined in the Rights Agreement) are sold, then proper provision will be made so that each holder of a Right will thereafter have the right to receive, upon the exercise thereof at the then current exercise price of the Right, that number of shares of common stock of the acquiring company which at the time of such transaction will have a market value of two times the exercise price of the Right.

Redemption

At any time prior to the time any Person becomes an Acquiring Person, our board of directors may redeem the Rights in whole, but not in part, at a price of \$0.00001 per Right (the "Redemption Price"). The redemption of the Rights may be made effective at such time, on such basis and with such conditions as our board of directors in its sole discretion may establish. Immediately upon any redemption of the Rights, the right to exercise the Rights will terminate and the only right of the holders of Rights will be to receive the Redemption Price.

Amendment

The terms of the Rights may be amended by our board of directors without the consent of the holders of the Rights, except that from and after such time as any Person becomes an Acquiring Person no such amendment may adversely affect the interests of the holders of the Rights (other than the Acquiring Person and its Affiliates and Associates).

Preferred Stock Rights

Each one-thousandth of a Preferred Stock will entitle the holder thereof to the same dividends and liquidation rights as if the holder held one common stock and will be treated the same as a common stock in the event of a merger, consolidation or other share exchange.

Rights of Holders

Until a Right is exercised, the holder thereof, as such, will have no rights as a stockholder of the Company, including, without limitation, the right to vote or to receive dividends.

Certificate of Incorporation and Bylaw Provisions

Our certificate of incorporation and third amended and restated bylaws include a number of anti-takeover provisions that may have the effect of encouraging persons considering unsolicited tender offers or other unilateral takeover proposals to negotiate with our board of directors rather than pursue non-negotiated takeover attempts. These provisions include:

Advance Notice Requirements. Our third amended and restated bylaws establish advance notice procedures with regard to stockholder proposals relating to the nomination of candidates for election as directors or new business to be brought before meetings of stockholders. These procedures provide that notice of stockholder proposals must be timely and given in writing to our corporate Secretary. Generally, to be timely, notice must be received at our principal executive offices not less than 90 calendar days nor more than 120 calendar days prior to the one-year anniversary of the preceding year's annual meeting of stockholders. The notice must contain the information required by the third amended and restated bylaws, including information regarding the proposal and the proponent.

Special Meetings of Stockholders. Our certificate of incorporation provides that, subject to the special rights of the holders of one or more series of Preferred Stock, special meetings of stockholders may be called, for any purpose or purposes, at any time only by or at the direction of our board of directors, the chairperson of the board of directors, the Chief Executive Officer or President, and shall not be called by any other person or persons.

No Written Consent of Stockholders. Our certificate of incorporation provides that any action required or permitted to be taken by stockholders must be effected at a duly called annual or special meeting of stockholders at which a quorum is present, and may not be effected by any consent in writing by such stockholders. Notwithstanding the foregoing, any action required or permitted to be taken by the holders of any series of preferred stock, voting separately as a series or separately as a class with one or more other such series, may be taken without a meeting, without prior notice and without a vote, to the extent expressly so provided by the applicable certificate of designations relating to such series of preferred stock, if a consent or consents in writing, setting forth the action so taken, shall be signed by the holders of outstanding shares of the relevant series of preferred stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted and shall be delivered to us in accordance with the applicable provisions of the General Corporation Law of the State of Delaware (the “DGCL”).

Board of Directors. Our third amended and restated bylaws provide that each director, including a director elected to fill a vacancy or newly created directorship, shall hold office until the expiration of the term of the class, if any, for which elected and until such director’s successor is elected and qualified or until such director’s earlier death, resignation, disqualification or removal. Our board of directors is not classified, and all directors are elected annually at the annual meeting of stockholders.

Amendment of Bylaws. Our board of directors is expressly empowered to adopt, amend or repeal our third amended and restated bylaws. Our stockholders may also adopt, amend or repeal any provisions of our third amended and restated bylaws by obtaining, in addition to any other vote required by our certificate of incorporation or applicable law, the affirmative vote of the holders of at least a majority of the voting power of all the then-outstanding shares of voting stock of the Company with the power to vote generally in an election of directors, voting together as a single class.

Preferred Stock. Our certificate of incorporation authorizes our board of directors to create and issue rights entitling our stockholders to purchase shares of our stock or other securities. The ability of our board to establish the rights and issue substantial amounts of preferred stock without the need for stockholder approval may delay or deter a change in control of us. See the section titled “Preferred Stock” above.

Delaware Takeover Statute

We are subject to Section 203 of the DGCL (“Section 203”) which, subject to certain exceptions, prohibits a Delaware corporation from engaging in any “business combination” (as defined below) with any interested stockholder for a period of three years following the date that such stockholder became an interested stockholder, unless: (1) prior to such date, the board of directors of the corporation approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder; (2) on consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the voting stock outstanding those shares owned (x) by persons who are directors and also officers and (y) by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to this plan will be tendered in a tender or exchange offer; or (3) on or subsequent to such date, the business combination is approved by the board of directors and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66 ²/₃% of the outstanding voting stock that is not owned by the interested stockholder.

Section 203 defines generally “business combination” to include: (1) any merger or consolidation involving the corporation and the interested stockholder; (2) any sale, transfer, pledge or other disposition of 10% or more of the assets of the corporation involving the interested stockholder; (3) subject to certain exceptions, any transaction that results in the issuance or transfer by the corporation of any stock of the corporation to the interested stockholder; (4) any transaction involving the corporation that has the effect of increasing the proportionate share of the stock of any class or series of the corporation beneficially owned by the interested stockholder; or (5) the receipt by the interested stockholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits provided by or through the corporation. In general, Section 203 defines an “interested stockholder” as any entity or person beneficially owning 15% or more of the outstanding voting stock of the corporation and any entity or person affiliated with or controlling or controlled by such entity or person.

Limitations on Liability and Indemnification of Officers and Directors

Our certificate of incorporation and third amended and restated bylaws limit the liability of our officers and directors and provide that we will indemnify our officers and directors, in each case, to the fullest extent permitted by the DGCL.

The terms of the debt securities will include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939, as in effect on the date of the indenture. We have filed a copy of the form of indenture as an exhibit to the registration statement in which this prospectus is included. The indenture will be subject to and governed by the terms of the Trust Indenture Act of 1939.

We may offer debt securities as described in this prospectus that, unless otherwise specified in an applicable prospectus supplement, will represent direct, unsecured obligations of the Company and will rank equally with all of our other unsecured indebtedness.

We may issue the debt securities in one or more series with the same or various maturities, at par, at a premium, or at a discount. We may issue discount debt securities that provide for an amount less than the stated principal amount to be due and payable upon acceleration of the maturity of such debt securities in accordance with the terms of the indenture. We may also issue debt securities in bearer form, with or without coupons. If we issue discount debt securities or debt securities in bearer form, we will describe material U.S. federal income tax considerations and other material special considerations which apply to these debt securities in an applicable prospectus supplement.

We may issue debt securities denominated in or payable in a foreign currency or currencies or a foreign currency unit or units. If we do, we will describe the restrictions, elections, and general tax considerations relating to the debt securities and the foreign currency or currencies or foreign currency unit or units in an applicable prospectus supplement.

Exchange and/or Conversion Rights

We may issue debt securities which can be exchanged for or converted into shares of our Common Stock or Preferred Stock. If we do, we will describe the terms of exchange or conversion in an applicable prospectus supplement relating to these debt securities.

Transfer and Exchange

We may issue debt securities that will be represented by either:

- “book-entry,” which means that there will be one or more global securities registered in the name of a depository or a nominee of a depository; or
- “certificated securities,” which means that they will be represented by a certificate issued in definitive registered form.

We will specify in a prospectus supplement applicable to a particular offering whether the debt securities offered will be book-entry or certificated securities.

Certificated Debt Securities

If we issue certificated debt securities, a holder may transfer or exchange such debt securities at the trustee’s office or at the paying agent’s office or agency in accordance with the terms of the indenture. A holder will not be charged a service charge for any transfer or exchange of certificated debt securities but may be required to pay an amount sufficient to cover any tax or other governmental charge payable in connection with such transfer or exchange.

A holder may effect the transfer of certificated debt securities and of the right to receive the principal of, premium, and/or interest, if any, on the certificated debt securities only by surrendering the certificate representing the certificated debt securities and having us or the trustee issue a new certificate to the new holder.

Global Securities

If we decide to issue debt securities in the form of one or more global securities, then we will register the global securities in the name of the depository for the global securities or the nominee of the depository, and the global securities will be delivered by the trustee to the depository for credit to the accounts of the holders of beneficial interests in the debt securities.

A prospectus supplement will describe the specific terms of the depository arrangement for debt securities of a series that are issued in global form. None of our Company, the trustee, any payment agent or the security registrar will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in a global debt security or for maintaining, supervising or reviewing any records relating to these beneficial ownership interests.

No Protection in the Event of Change of Control

Unless we indicate otherwise in a prospectus supplement with respect to a particular series of debt securities, the debt securities will not contain any provisions that may afford holders of debt securities protection in the event we have a change in control or in the event of a highly leveraged transaction (whether or not such transaction results in a change in control).

Covenants

We will set forth in an applicable prospectus supplement any affirmative and/or negative covenants applicable to any issue of debt securities.

Consolidation, Merger and Sale of Assets

Unless we indicate otherwise in a prospectus supplement, we will not in any transaction or series of transactions, merge or consolidate with or into, or sell, assign, convey or transfer, lease or otherwise dispose of all or substantially all of our properties and assets, unless:

- either (A) if the transaction or series of transactions is a merger or consolidation, the Company shall be the surviving person of such merger or consolidation, or (B) the person formed by such consolidation or into which the Company is merged or to which the properties and assets of the Company are transferred shall be a corporation or entity treated as a corporation for U.S. federal income tax purposes organized and existing under the laws of the United States of America, any state thereof or the District of Columbia, or a corporation or comparable legal entity treated as a corporation for U.S. federal income tax purposes organized under the laws of a foreign jurisdiction and shall expressly assume by a supplemental indenture executed and delivered to the trustee, in form reasonably satisfactory to the trustee, all of the obligations of the Company (including, without limitation, the obligation to pay the principal of, and premium and interest, if any, on, the securities and the performance of the other covenants) under the indenture as supplemented, and in each case, the indenture shall remain in full force and effect; and
- immediately before and immediately after giving effect to such transaction or series of transactions on a pro forma basis (including, without limitation, any indebtedness incurred or anticipated to be incurred in connection with or in respect of such transaction or series of transactions), no default or event of default shall have occurred and be continuing.

Events of Default

Unless otherwise specified in an applicable prospectus supplement, the following events will be events of default under the indenture with respect to debt securities of any series:

- we default in the payment of any principal of, or premium, if any, on, the debt securities when it becomes due and payable at maturity, upon acceleration, redemption or otherwise;
- we default in the payment of any interest on any debt security of a series when the same becomes due and payable, and the default continues for a period of 30 days;
- we default in observance or performance of any other covenant in the debt securities of a series or the indenture for 60 days after written notice from the trustee or the holders of not less than 25% in the aggregate principal amount of the debt securities of such series then outstanding which notice must specify the default, demand that it be remedied and state that the notice is a "Notice of Default";
- certain events involving bankruptcy, insolvency or reorganization of the Company or any of our significant subsidiaries; and
- any other event of default provided for in such series of debt securities as may be specified in the applicable prospectus supplement.

Holders of a majority in principal amount of the debt securities of any series then outstanding have the right to waive any existing default or event of default with respect to such series or compliance with any provision of the indenture (with respect to such series) or the debt securities of such series with written notice to the trustee. Upon any such waiver, such default with respect to such series shall cease to exist, and any event of default with respect to such series arising therefrom shall be deemed to have been cured for every purpose of the indenture; but no such waiver shall extend to any subsequent or other default or event of default or impair any right consequent thereto. If an event of default (other than an event of default resulting from certain events of bankruptcy, insolvency or reorganization with respect to the Company) occurs, and is continuing, then the trustee, by written notice, or the holders of not less than 25% in aggregate principal amount of the outstanding debt securities of that series may declare that the entire principal amount, plus the premium, if any, of all the debt securities of that series then outstanding plus accrued and unpaid interest to the date of acceleration are immediately due and payable. At any time after the acceleration, but before a judgment or decree based on such acceleration is obtained by the trustee, the holders of a majority in aggregate principal amount of outstanding debt securities of such series may rescind and annul such acceleration if:

- all existing events of default (other than nonpayment of accelerated principal, premium or interest) have been cured or waived;
- all lawful interest on overdue installments of interest and overdue principal have been paid; and
- the rescission would not conflict with any judgment or decree.

In addition, if the acceleration occurs at any time when we have outstanding indebtedness which is senior to the debt securities, the payment of the principal amount of outstanding debt securities may be subordinated in right of payment to the prior payment of any amounts due under the senior indebtedness, in which case the holders of debt securities will be entitled to payment under the terms prescribed in the instruments evidencing the senior indebtedness and the indenture.

If an event of default resulting from certain events of bankruptcy, insolvency or reorganization with respect to the Company occurs, such principal, premium, if any, and interest amount with respect to all the debt securities of that series shall be due and payable immediately without any declaration or other act on the part of the trustee or the holders of the debt securities of that series.

The holders of a majority in principal amount of the outstanding debt securities of a series will have the right to waive any existing default or compliance with any provision of the indenture or the debt securities of that series and to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, subject to certain limitations specified in the indenture.

No holder of any debt security of a series will have any right to institute any proceeding with respect to the indenture or for any remedy under the indenture, unless:

- the holder gives to the trustee written notice of a continuing event of default with respect to the debt securities of that series;
- the holders of at least 25% in aggregate principal amount of the outstanding debt securities of the affected series make a written request to the trustee;
- the holder or holders offer to the trustee indemnity satisfactory to the trustee against any loss, liability or expense to be incurred in compliance with such request;
- the trustee does not comply with the request within 60 days after such request; and
- the holders of a majority in aggregate principal amount of the outstanding debt securities of the affected series do not give the trustee a direction inconsistent with such request during such 60-day period.

Modification and Waiver

From time to time, we and the trustee may, without the consent of holders of the debt securities of one or more series, amend the indenture or the debt securities of one or more series, or supplement the indenture, for certain specified purposes, including:

- to provide that the surviving entity following a change of control of the Company permitted under the indenture will assume all of our obligations under the indenture and debt securities;
- to provide for certificated debt securities in addition to uncertificated debt securities;
- to comply with any requirements of the SEC under the Trust Indenture Act of 1939;
- to cure any mistake, ambiguity, defect or inconsistency, or make any other change that does not materially and adversely affect the rights of any holder;
- to provide for the issuance of and establish the form and terms and conditions of debt securities of any series as permitted by the indenture; and
- to evidence and provide for the acceptance of the appointment of a successor trustee under the indenture with respect to one or more series and to add to or change any of the provisions of the indenture as shall be necessary to provide for or facilitate the administration of the trusts by more than one trustee.

From time to time we and the trustee may, with the consent of holders of not less than a majority of the aggregate principal amount of an outstanding series of debt securities, amend or supplement the indenture or the debt securities series, or waive compliance in a particular instance by us with any provision of the indenture or the debt securities. We may not, however, without the consent of each holder affected by such action, modify or supplement the indenture or the debt securities or waive compliance with any provision of the indenture or the debt securities in order to:

- reduce the amount of debt securities whose holders must consent to an amendment, supplement, or waiver to the indenture or such debt security;
- reduce the rate of or change the time for payment of interest on any of the debt securities
- reduce the principal of or change the stated maturity of the debt securities, or reduce the amount of, or postpone the date fixed for, the payment of any sinking fund or analogous obligation;
- make any debt security payable in money other than that stated in the debt security;
- change the amount or time of any payment required by the debt securities or reduce the premium payable upon any redemption of the debt securities, or change the time before which no such redemption may be made;
- waive a default or event of default in the payment of the principal of, or interest or premium, if any, on any debt securities (except a rescission of acceleration of the debt securities of any series by the holders of at least a majority in principal amount of the outstanding debt securities of such series and a waiver of the payment default that resulted from such acceleration);
- waive a redemption payment with respect to any debt securities or change any provision with respect to redemption of debt securities;
- take any other action otherwise prohibited by the indenture to be taken without the consent of each holder affected by the action; or
- make any changes to the above provisions or the acceleration provisions of the indenture, except to increase any percentage of debt securities the holders of which must consent to any matter.

Defeasance of Debt Securities and Certain Covenants in Certain Circumstances

The indenture permits us, at any time, to elect to discharge our obligations with respect to one or more series of debt securities by following certain procedures described in the indenture. These procedures will allow us either:

- to defease and be discharged from any and all of our obligations with respect to any debt securities except for the following obligations (which discharge is referred to as “legal defeasance”):
 - (1) to replace temporary or mutilated, destroyed, lost or stolen debt securities;
 - (2) the rights, powers, trusts, duties and immunities of the trustee; or
 - (3) to maintain an office or agency in respect of the debt securities and to hold monies for payment in trust; or
- to be released from our obligations with respect to the debt securities under certain covenants contained in the indenture, as well as any additional covenants which may be contained in an applicable supplemental indenture (which release is referred to as “covenant defeasance”).

In order to exercise either defeasance option, we must irrevocably deposit with the trustee or other qualifying trustee, in trust for that purpose:

- money;
- U.S. Government Obligations (as described below) or Foreign Government Obligations (as described below) which through the scheduled payment of principal and interest in accordance with their terms will provide, not later than the due date of any payment, money; or
- a combination of money and/or U.S. Government Obligations and/or Foreign Government Obligations sufficient in the written opinion of a nationally-recognized firm of independent accountants to provide money;

which in each case specified above, provides an amount sufficient to pay the principal of, premium, if any, and interest, if any, on the debt securities of the series, on the scheduled due dates or on a selected date of redemption in accordance with the terms of the indenture.

In addition, defeasance may be effected only if, among other things:

- in the case of either legal or covenant defeasance, we deliver to the trustee an opinion of counsel, as specified in the indenture;
- in the case of legal defeasance, we deliver to the trustee an opinion of counsel stating that we have received from, or there has been published by, the Internal Revenue Service a ruling to the effect that, or there has been a change in any applicable federal income tax law with the effect that or there has been a change in any applicable U.S. Federal income tax law with the effect that, and such opinion shall confirm that, the holders of the outstanding debt securities of such series or persons will not recognize income, gain or loss for U.S. federal income tax purposes solely as a result of such legal defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner, including as a result of prepayment, and at the same times as would have been the case if legal defeasance had not occurred;
- in the case of covenant defeasance, we deliver to the trustee an opinion of counsel to the effect that the holders of the outstanding debt securities will not recognize income, gain or loss for U.S. federal income tax purposes as a result of covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if covenant defeasance had not occurred; and
- certain other conditions described in the indenture are satisfied.

If we fail to comply with our remaining obligations under the indenture and any applicable supplemental indenture after a covenant defeasance of the indenture and any applicable supplemental indenture, and the debt securities are declared due and payable because of the occurrence of any undefeased event of default, the amount of money and/or U.S. Government Obligations and/or Foreign Government Obligations on deposit with the trustee could be insufficient to pay amounts due under the debt securities of the affected series at the time of acceleration. We will, however, remain liable in respect of these payments.

The term "U.S. Government Obligations" as used in the above discussion means direct non-callable obligations of or non-callable obligations guaranteed by the United States of America for the payment of which obligation or guarantee the full faith and credit of the United States of America is pledged.

The term "Foreign Government Obligations" as used in the above discussion means, with respect to Securities that are denominated in a foreign currency (i) direct obligations of the government that issued or caused to be issued such currency for the payment of which obligations its full faith and credit is pledged or (ii) obligations of a person controlled or supervised by or acting as an agency or instrumentality of such government the timely payment of which is unconditionally guaranteed as a full faith and credit obligation by such government, which in either case under clauses (i) and (ii), are not callable or redeemable at the option of the issuer thereof.

Regarding the Trustee

We will identify the trustee with respect to any series of debt securities in the prospectus supplement relating to the applicable debt securities. You should note that if the trustee becomes a creditor of the Company, the indenture and the Trust Indenture Act of 1939 limit the rights of the trustee to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim, as security or otherwise. The trustee and its affiliates may engage in, and will be permitted to continue to engage in, other transactions with us and our affiliates. If, however, the trustee acquires any "conflicting interest" within the meaning of the Trust Indenture Act of 1939, it must eliminate such conflict or resign.

The holders of a majority in principal amount of the then outstanding debt securities of any series may direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee. If an event of default occurs and is continuing, the trustee, in the exercise of its rights and powers, must use the degree of care and skill of a prudent person under the same circumstances in the conduct of his or her own affairs. Subject to that provision, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any of the holders of the debt securities, unless they have offered to the trustee indemnity or security against the costs, expenses and liabilities which may be incurred therein or thereby.

Governing Law

The indenture and the debt securities, including any claim or controversy arising out of or relating to the indenture or the securities, will be governed by the laws of the State of New York.

DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of shares of our Common Stock, our debt securities or shares of our Preferred Stock. We may issue warrants independently or together with other securities, and they may be attached to or separate from the other securities. Each series of warrants will be issued under a separate warrant agreement that we will enter into with a bank or trust company, as warrant agent, as detailed in an accompanying prospectus supplement. The warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation, or agency or trust relationship, with you.

The prospectus supplement relating to a particular issue of warrants will describe the terms of those warrants, including, when applicable:

- the offering price;
- the currency or currencies, including composite currencies, in which the purchase price and/or exercise price of the warrants may be payable;
- the number of warrants offered;
- the exercise price and the amount of securities you will receive upon exercise;
- the procedure for exercise of the warrants and the circumstances, if any, that will cause the warrants to be automatically exercised;
- the rights, if any, we have to redeem the warrants;
- the date on which the right to exercise the warrants will commence and the date on which the warrants will expire;
- the name of the warrant agent; and
- any other material terms of the warrants.

After warrants expire they will become void. The prospectus supplement may provide for the adjustment of the exercise price of the warrants.

Warrants may be exercised at the appropriate office of the warrant agent or any other office indicated in an accompanying prospectus supplement. Before the exercise of warrants, holders will not have any of the rights of holders of the securities purchasable upon exercise and will not be entitled to payments made to holders of those securities.

The description in an accompanying prospectus supplement of any warrants we offer will not necessarily be complete and will be qualified in its entirety by reference to the applicable warrant agreement, which will be filed with the SEC if we offer warrants. For more information on how you can obtain copies of any warrant agreement if we offer warrants, see “Where You Can Find More Information.” We urge you to read the applicable warrant agreement and any accompanying prospectus supplement in their entirety.

DESCRIPTION OF THE RIGHTS

We may issue rights to purchase our Common Stock. The rights may or may not be transferable by the persons purchasing or receiving the rights. In connection with any rights offering, we may enter into a standby underwriting or other arrangement with one or more underwriters or other persons pursuant to which such underwriters or other persons would purchase any offered securities remaining unsubscribed for after such rights offering. Each series of rights will be issued under a separate rights agent agreement to be entered into between us and one or more banks, trust companies or other financial institutions, as rights agent, that we will name in the applicable prospectus supplement. The rights agent will act solely as our agent in connection with the rights and will not assume any obligation or relationship of agency or trust for or with any holders of rights certificates or beneficial owners of rights.

The prospectus supplement relating to any rights that we offer will include specific terms relating to the offering, including, among other matters:

- the date of determining the security holders entitled to the rights distribution;
- the aggregate number of rights issued and the aggregate number of shares of Common Stock purchasable upon exercise of the rights;
- the exercise price;
- the conditions to completion of the rights offering;
- the date on which the right to exercise the rights will commence and the date on which the rights will expire; and
- any applicable federal income tax considerations.

Each right would entitle the holder of the rights to purchase for cash the principal amount of shares of Common Stock at the exercise price set forth in the applicable prospectus supplement. Rights may be exercised at any time up to the close of business on the expiration date for the rights provided in the applicable prospectus supplement. After the close of business on the expiration date, all unexercised rights will become void.

If less than all of the rights issued in any rights offering are exercised, we may offer any unsubscribed securities directly to persons other than our security holders, to or through agents, underwriters or dealers or through a combination of such methods, including pursuant to standby arrangements, as described in the applicable prospectus supplement.

Please refer to the section of this prospectus entitled “Description of Capital Stock—Description of Rights to Purchase Series A Preferred Stock” for information on the Company’s preferred stock purchase rights currently issued and outstanding.

DESCRIPTION OF UNITS

We may issue units consisting of one or more of the other securities described in this prospectus in any combination. The following description sets forth certain general terms and provisions of the units that we may offer pursuant to this prospectus. The particular terms of the units and the extent, if any, to which the general terms and provisions may apply to the units so offered will be described in the applicable prospectus supplement.

The prospectus supplement relating to any particular issuance of units will describe the terms of those units, including, to the extent applicable, the following:

- the designation and terms of the units and the securities comprising the units, including whether and under what circumstances those securities may be held or transferred separately;
- any provision for the issuance, payment, settlement, transfer or exchange of the units or the securities comprising the units;
- a discussion of material U.S. federal income tax considerations, if applicable;
- any additional provisions for the issuance, payment, settlement, transfer or exchange of the units or of the Common Stock, Preferred Stock, debt securities, or warrants constituting the units; and
- whether the units will be issued in fully registered or global form.

Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the unit will have the rights and obligations of a holder of each included security. Units will be issued pursuant to the terms of a unit agreement, which may provide that the securities included in the unit may not be held or transferred separately at any time or at any time before a specified date. A copy of the forms of the unit agreement and the unit certificate relating to any particular issue of units will be filed with the SEC each time we issue units, and you should read those documents for provisions that may be important to you. For more information on how you can obtain copies of the forms of the unit agreement and the related unit certificate, see the section of this prospectus captioned “Where You Can Find More Information.”

We or the selling securityholders may sell the securities being offered hereby in one or more of the following ways from time to time:

- to underwriters for resale to purchasers;

**2,079,797 Shares of Common Stock issuable upon exercise of Pre-Funded Warrants
4,638,219 Shares of Common Stock issuable upon exercise of Common Warrants**

This prospectus supplement relates to the offering by Empery Digital Inc. (the “Company,” “Empery,” the “registrant,” “we,” “our” or “us”) of (i) 2,079,797 shares of common stock, par value \$0.00001 per share (“common stock”) issuable upon exercise of pre-funded warrants (the “Pre-Funded Warrants,” and the shares underlying the Pre-Funded Warrants, the “Pre-Funded Warrant Shares”) and (ii) 4,638,219 shares of common stock issuable upon the exercise of common warrants on or prior to March 24, 2030 (the “Common Warrants,” and the shares underlying the Common Warrants, the “Common Warrant Shares”). The Pre-Funded Warrant Shares and Common Warrant Shares are sometimes collectively referred to herein as the “securities.”

The Pre-Funded Warrants and Common Warrants, together with 2,558,422 shares of common stock, were issued to certain investors pursuant to a securities purchase agreement, dated as of March 23, 2026, by and between the Company and each of the investors named therein (the “Investors”) (the “Securities Purchase Agreement”). Closing under the Securities Purchase Agreement occurred on March 24, 2026. The Company previously filed a prospectus supplement, dated March 23, 2026 (the “Prior Prospectus Supplement”), to register the securities issued to the Investors pursuant to the Securities Purchase Agreement, including the Pre-Funded Warrant Shares and Common Warrant Shares, under the shelf registration statement on Form S-3 (File No. 333-290374). The Pre-Funded Warrant Shares and the Common Warrant Shares issuable from time to time upon the exercise of the Pre-Funded Warrants and Common Warrants, respectively, will instead be offered and sold under this prospectus supplement. The Pre-Funded Warrants were immediately exercisable upon issuance and may be exercised at any time until all of the Pre-Funded Warrants are exercised in full. The Common Warrants were exercisable immediately upon issuance at an initial exercise price of \$6.27 per underlying share of common stock, and may be exercised at any time until the four year anniversary of the date of issuance. For a more detailed description of the Pre-Funded Warrants and the Common Warrants, see the section entitled “[Description of Securities](#)” of this prospectus supplement.

Our common stock is listed on the Nasdaq Global Select Market under the symbol “EMPD.” The last reported sale price of our common stock on the Nasdaq Global Select Market on March 25, 2026, was \$4.35 per share. There is no established trading market for Pre-Funded Warrants or the Common Warrants, and we do not intend to list the Pre-Funded Warrants or the Common Warrants on any securities exchange or nationally recognized trading system.

We intend to use the net proceeds from the cash exercise of the Pre-Funded Warrants and Common Warrants for general corporate purposes, which may include acquisitions, repayment of debt, repurchases of shares of common stock by the Company, purchases of Bitcoin, the purchase or sale of puts, calls or options relating to Bitcoin and/or shares of common stock, including working capital. Overview

Empery Digital Inc. was formed on February 21, 2020, as a Delaware corporation, under the name Frog ePowersports, Inc. The Company was renamed Volcon, Inc. on October 1, 2020. The Company was renamed Empery Digital Inc. on July 30, 2025, in connection with which the Company changed its Nasdaq ticker symbol from VLCN to EMPD.

Digital Asset Treasury Strategy

On July 17, 2025, the Company announced its entry into securities purchase agreements with certain institutional and accredited investors in private placements for the purchase and sale of 44,414,189 shares of common stock of the Company, par value \$0.00001 per share and pre-funded warrants to purchase up to an aggregate of 5,728,662 shares of common stock with an exercise price of \$0.00001, at a price of \$10.00 per share, for aggregate gross proceeds of approximately \$501.0 million which includes payment in Bitcoin (“BTC” or “Bitcoin”) of \$28.0 million, before deducting placement agent fees and other offering expenses (the “Private Placements”). The Private Placements closed on July 21, 2025. The Company has used the net proceeds of \$452.0 million from the Private Placements (excluding the \$28.0 million of BTC received) to purchase or otherwise acquire BTC and for the establishment of the Company’s cryptocurrency treasury operations. In connection with the announcement of the Private Placements, the Company announced the launch of its digital asset treasury strategy, pursuant to which the Company plans to pursue a number of strategic initiatives to acquire additional BTC and potentially other digital assets.

The key component of the digital asset strategy is to optimize the Company’s capital structure to increase BTC per share to drive stockholder value. This includes issuing equity when market conditions allow us to raise capital at a premium to net asset value (“NAV”), defined as the value of BTC holdings plus cash, minus debt divided by adjusted outstanding shares which includes common stock outstanding plus all pre-funded warrants outstanding. On October 18, 2024, the Company entered into an At-The-Market Issuance Sales Agreement with Aegis, as placement agent, as amended by Amendment No. 1 to the At-The-Market Issuance Sales Agreement on July 14, 2025 (the “ATM Sales Agreement”), pursuant to which the Company established an At The Market (“ATM”) program pursuant to which the Company can sell up to \$1.1 billion of common stock.

In addition, our strategy includes repurchasing our common stock when our common stock is trading below NAV per share. The Company also has a share repurchase program that allows it to repurchase up to \$150.0 million of common stock as of December 31, 2025, which was expanded to \$200.0 million on February 2, 2026 and through March 25, 2026 has bought 23,114,391 shares of common stock for \$135.6 million, including commissions, at an average price of \$5.87. Share repurchases have been funded with proceeds from two borrowing arrangements, that allow for borrowings of up to \$150.0 million, of which \$95.0 million is outstanding as of March 25, 2026, and sales of BTC. Some of our BTC is held by these lenders as collateral for outstanding borrowings which we may repay with future equity offerings or by selling BTC.

Additionally, a significant component of the digital asset treasury strategy is to reduce costs across the Company so that cash generated from operations can be used to pay operating expenses and any excess cash generated can be used to purchase more BTC or repurchase shares of our common stock. We also generated, and may continue to generate, income through buying and selling derivatives on BTC, including the use of short-term put and call contracts.

The Company also recognizes the risk that digital assets pose with respect to digital wallets being compromised and the Company uses institutional-grade custodians to hold its BTC in wallets, some of which are isolated from the internet, referred to as cold storage, to minimize this risk. We view our BTC as long-term holdings, although there are no restrictions on selling BTC that is not held as collateral by our lenders.

The BTC market has been characterized by significant volatility in price, relative anonymity, a developing regulatory landscape, potential susceptibility to market abuse and manipulation, compliance and internal control failures at exchanges, and various other risks that are, or may be, inherent in its entirely electronic, virtual form and decentralized network.

Electric Vehicles

The Company began its operations as an all-electric, off-road powersports vehicle business. Beginning in 2021, we began efforts to sell off-road powersports vehicles beginning with an electric two-wheeled motorcycle that we discontinued in March 2025. In 2022 we introduced an E-Bike, the Brat, and continue to sell this product. In late 2024 we began selling the HF1 UTV, the MN1 Adventurer and MN1 Tradesman UTV, along with a line of upgrades and accessories. As discussed below, in October 2025, we sold the HF1 and MN1 product lines.

Recent Developments

Registered Direct Offering

On March 23, 2026, we entered into a securities purchase agreement (the “Securities Purchase Agreement”) with the Investors, pursuant to which the Company agreed to issue and sell, in a registered direct offering (the “Offering”) to the Investors 2,558,422 shares of common stock, at a purchase price of \$5.39 per share, Pre-Funded Warrants to purchase up to 2,079,797 shares of common stock with \$5.38999 of the exercise price per Pre-Funded Warrant pre-funded at closing, and accompanying Common Warrants to purchase up to 4,638,219 shares of Common Stock with an exercise price of \$6.27 per Common Warrant.

The gross proceeds to the Company from the offering were approximately \$25.0 million before deducting estimated offering expenses payable by the Company.

Implications of Being an Emerging Growth Company

We qualify as an “emerging growth company” as the term is used in The Jumpstart Our Business Startups Act of 2012 (the “**JOBS Act**”), and therefore, we may take advantage of certain exemptions from various public company reporting requirements, including:

- a requirement to only have two years of audited financial statements and only two years of related selected financial data and management’s discussion and analysis;
- exemption from the auditor attestation requirement on the effectiveness of our internal controls over financial reporting;
- reduced disclosure obligations regarding executive compensation; and
- exemptions from the requirements of holding a non-binding advisory stockholder vote on executive compensation and any golden parachute payments.

We may take advantage of these provisions for up to five years or such earlier time that we are no longer an emerging growth company. We would cease to be an emerging growth company if we have more than \$1.235 billion in annual revenues, have more than \$700.0 million in market value of our capital stock held by non-affiliates or issue more than \$1.0 billion of non-convertible debt over a three-year period. We may choose to take advantage of some, but not all, of the available benefits of the JOBS Act. We have taken advantage of some of the reduced reporting requirements in this prospectus. Accordingly, the information contained herein may be different than the information you receive from other public companies in which you hold stock. In addition, the JOBS Act provides that an emerging growth company can delay adopting new or revised accounting standards until such time as those standards apply to private companies. We have elected to avail ourselves of this exemption from new or revised accounting standards and, therefore, we will not be subject to the same new or revised accounting standards as other public companies that are not emerging growth companies. Subsequent to December 31, 2026, we will no longer qualify as an emerging growth company and will no longer be able to take advantage of these provisions.

RISK FACTORS

An investment in our securities involves risks. We urge you to consider carefully the risks described below, and in the documents incorporated by reference in this prospectus supplement and the accompanying prospectus, before making an investment decision, including those risks identified under Item 1A of our most recent Annual Report on Form 10-K for the fiscal year ended December 31, 2025, as filed with the SEC on March 27, 2026, all of which are incorporated by reference in this prospectus supplement and which may be amended, supplemented or superseded from time to time by other reports we subsequently filed with the SEC.

If any of these risks actually occurs, our business, financial condition, results of operations or cash flow could be seriously harmed. This could cause the trading price of our common stock to decline, resulting in a loss of all or part of your investment. Please also read carefully the section below entitled "[Cautionary Note Regarding Forward-Looking Statements](#)".

Risks Related to this Offering and the Ownership of Our Securities

Our management will have broad discretion over the use of the net proceeds from the cash exercise of the Pre-Funded Warrants and Common Warrants .

Our management will have broad discretion as to the use of any net proceeds from the cash exercise of the Pre-Funded Warrants and Common Warrants and could use them for purposes other than those contemplated at the time of this prospectus supplement. As of the date of this prospectus supplement, we intend to use the net proceeds from the cash exercise of any Pre-Funded Warrants and Common Warrants for general corporate purposes, which may include acquisitions, repayment of debt, repurchases of shares of common stock by the Company, purchases of Bitcoin, the purchase or sale of puts, calls or options relating to Bitcoin and/or shares of common stock, including working capital. While management intends to use the net proceeds in a manner that furthers our business objectives and maximizes the value for our investors, investors will have limited visibility into the specific uses of the net proceeds. This wide-ranging discretion allows management to allocate funds to areas that investors might not deem a priority or in their best interest. Consequently, the success of the investment is substantially dependent on the judgment of our management with regard to the application of the net proceeds. It is possible that the net proceeds from the cash exercise of any Pre-Funded Warrants or Common Warrants will be invested in a way that does not yield a favorable, or any, return for the Company. Investors should be aware that the broad discretion in the use of proceeds increases the risk of their investment, as it may reduce the ability to assess the viability and potential return of the investment. See "Use of Proceeds."

Sales of shares of our common stock by the Investors may cause our stock price to decline.

As of March 25, 2025, we had 30,247,668 shares of common stock outstanding. Sales of substantial amounts of our shares of common stock in the public market by the Investors or the perception that those sales may occur, could cause the market price of shares of our common stock to decline and impair our ability to raise capital through the sale of additional shares of our common stock.

There is no established public trading market for the Pre-Funded Warrants or Common Warrants, and we do not expect markets to develop for these securities.

There is no established public trading market for the Pre-Funded Warrants or Common Warrants, and we do not expect markets to develop for these securities. In addition, we do not intend to apply to list the Pre-Funded Warrants or Common Warrants on any national securities exchange or other nationally recognized trading system. Without an active market, the liquidity of the Pre-Funded Warrants and Common Warrants will be limited.

The Pre-Funded Warrants and Common Warrants are speculative in nature.

Except as otherwise set forth in the Pre-Funded Warrants or Common Warrants, the Pre-Funded Warrants and Common Warrants do not confer any rights of common stock ownership on their holders, such as voting rights, but rather merely represent the right to acquire shares of our common stock at a fixed price. Specifically, holders of the Pre-Funded Warrants may exercise their right to acquire the common stock and pay an exercise price of \$0.00001 per share, subject to adjustment, from time to time, until all of the Pre-Funded Warrants have been exercised. Holders of the Common Warrants may exercise their right to acquire the underlying shares of common stock and pay an exercise price of \$6.27 per share, subject to adjustment, from time to time, for a period of four years from the date of issuance, at which point they will terminate. There can be no assurance that the market price of our common stock will ever equal or exceed the exercise price of the Common Warrants and, consequently, whether it will ever be profitable for holders of the Common Warrants to exercise the Common Warrants. Similarly, there can be no assurance that the market price of our common stock will ever equal or exceed the purchase price of the Pre-Funded Warrants.

The holders of the Pre-Funded Warrants and Common Warrants have no rights as shareholders until they acquire shares of common stock.

Until you become a holder of record of our shares of common stock issued upon settlement of your Pre-Funded Warrants or Common Warrants, you will have no rights with respect to such shares of common stock, including rights to vote or rights to respond to tender offers. Upon exercise of your Pre-Funded Warrants or Common Warrants, you will be entitled to exercise the rights of a stockholder only as to matters for which the record date occurs on or after the date you become the holder of record of such shares of common stock.

Since the Pre-Funded Warrants and Common Warrants are executory contracts, they may have no value in a bankruptcy or reorganization proceeding.

In the event a bankruptcy or reorganization proceeding is commenced by or against us, a bankruptcy court may hold that any unexercised Pre-Funded Warrants or Common Warrants are executory contracts that are subject to rejection by us with the approval of the bankruptcy court. As a result, holders of the Pre-Funded Warrants and Common Warrants may, even if we have sufficient funds, not be entitled to receive any consideration for their Pre-Funded Warrants and Common Warrants or may receive an amount less than they would be entitled to if they had exercised their Pre-Funded Warrants and Common Warrants prior to the commencement of any such bankruptcy or reorganization proceeding.

Our common stock may be affected by limited trading volume and price fluctuations, which could adversely impact the value of the securities.

Our common stock has experienced, and may experience, significant price and volume fluctuations in the future, which could adversely affect the market prices of our common stock without regard to our operating performance. In addition, we believe that factors such as quarterly fluctuations in our financial results and changes in the overall economy or the condition of the financial markets could cause the market prices of our common stock to fluctuate substantially. These fluctuations may also cause short sellers to periodically enter the market in the belief that we will have poor results in the future. We cannot predict the actions of market participants and, therefore, can offer no assurances that the market for our common stock will be stable or appreciate over time.

An investment in our securities is speculative, and there can be no assurance of any return on any such investment.

Investors are cautioned that an investment in the securities offered hereby is highly speculative and involves a significant degree of risk. The success of our business and the ability to achieve our business goals and objectives, as outlined in this prospectus, are subject to numerous uncertainties, contingencies and risks. As such, there is no assurance that investors will realize a return on their investment or that they will not lose their entire investment. Potential investors should carefully consider whether such a speculative investment is suitable for their financial situation and investment objectives before purchasing securities.

We do not currently intend to pay dividends on our common stock, and any return to investors is expected to come, if at all, only from potential increases in the price of our common stock.

At the present time, we intend to use available funds to finance our operations. Accordingly, while payment of dividends rests within the discretion of our board of directors, no cash dividends on our common shares have been declared or paid by us and we have no intention of paying any such dividends in the foreseeable future. Any return to investors is expected to come, if at all, only from potential increases in the price of our common stock.

Each forward-looking statement contained in this prospectus, and the documents we incorporate by reference is subject to risks and uncertainties that could cause actual results to differ materially from those expressed or implied by such statement. Applicable risks and uncertainties include, among others, changes in business, market, financial, political and regulatory conditions; risks relating to the Company’s operations and business, including the highly volatile nature of the price of Bitcoin and other cryptocurrencies; the risk that the Company’s stock price may be highly correlated to the price of the digital assets that it holds; risks related to increased competition in the industries in which the Company operates; risks relating to significant legal, commercial, regulatory and technical uncertainty regarding digital assets generally; risks relating to the treatment of crypto assets for U.S. and foreign tax purpose, the Company’s ability to keep pace with new technology and changing market needs; changes in business, market, financial, political and regulatory conditions, the potential impact that actions by activist stockholders could have on the pursuit of our business strategies, and the potential impact that actions by activist stockholders could have on the pursuit of our business strategies, as well as those risks and uncertainties referenced or incorporated by reference under the heading “[Risk Factors](#)” herein.

As a result of these and other factors, we may not achieve the plans, intentions or expectations disclosed in our forward-looking statements, and you should not place undue reliance on our forward-looking statements. We caution investors not to place considerable reliance on the forward-looking statements contained in this prospectus, and the documents incorporated herein by reference. Our business is subject to substantial risks and uncertainties, including those referenced above. Investors, potential investors, and others should give careful consideration to these risks and uncertainties.

DILUTION

Dilution or accretion is the amount by which the offering price paid by the purchasers of our common stock issued pursuant to the Securities Purchase Agreement will differ from the net tangible book value per share of common stock after the offering. The net tangible book value per share of common stock is equal to the amount of our total tangible assets (total assets less intangible assets) less total liabilities divided by the number of ordinary shares outstanding. The historical net tangible book value as of December 31, 2025 was \$269,177,309 in total and \$7.96 per share for the number of shares of the existing shareholders that were outstanding at that date.

Our as adjusted net tangible book value per share of common stock as of December 31, 2025 before the exercise of the Pre-Funded Warrants and Common Warrants pursuant to the Securities Purchase Agreement was \$5.73 after given effect for the following transactions in the period from January 1, 2026 to March 25, 2026, (i) net proceeds paid on borrowings of \$5,000,000, (ii) \$39,876,902 paid to repurchase 9,408,645 shares of our common stock, (iii) issuance of 3,296,940 shares of our common stock for the exercise of pre-funded warrants, (iv) proceeds of \$24,840,000 for the issuance of 2,558,422 shares of common stock and 2,079,797 Pre-Funded Warrants pursuant to the Securities Purchase Agreement and (v) net realized and unrealized losses on our Bitcoin of \$68,959,999 based on Bitcoin's market value of \$70,838 (the value on the Gemini exchange platform as of 4:00 pm eastern on March 25, 2026).

The as adjusted net tangible book value as of December 31, 2025 after giving effect to the exercise of the Pre-Funded Warrants and Common Warrants in the Securities Purchase Agreement, would have been \$214,262,041 or \$5.80 per share after the issuance of 2,079,797 shares of common stock for the exercise of Pre-Funded Warrants and 4,638,219 shares of common stock for the exercise of the Common Warrants pursuant to the Securities Purchase Agreement. This represents an immediate increase in net tangible book value of \$0.07 per share to the existing shareholders and an immediate dilution in net tangible book value of \$0.47 per share to new investors. The following table illustrates this dilution on a per share basis:

Offering price per share of common stock	\$	6.27
As adjusted net tangible book value per share before the issuance of securities pursuant to the Securities Purchase Agreement	\$	5.73
Increase in as adjusted net tangible book value per share attributable to the issuance of securities pursuant to the Securities Purchase Agreement	\$	0.07
As adjusted net tangible book value per share after giving effect to the issuance of securities pursuant to the Securities Purchase Agreement	\$	5.80
Dilution per share to new investors	\$	(0.47)

The above table and discussion are based on 30,247,668 shares of our common stock outstanding as of March 25, 2026, and excludes:

- 1,298,336 shares of common stock issuable upon the exercise of outstanding stock options, vested and unvested, with a weighted-average exercise price of \$21.85 per share;
- 2,351,947 shares of common stock issuable upon the exercise of outstanding warrants with a weighted-average exercise price of \$35.17 per share (includes 616,598 pre-funded warrants with a weighted-average exercise price of \$0.00002; and
- no shares of common stock reserved for future issuance under our stock plan, as amended.

To the extent that outstanding stock options or warrants are exercised, new stock options or warrants are issued, or we issue additional shares of common stock in the future, there will be further dilution to investors. In addition, we may choose to raise additional capital because of market conditions or strategic considerations, even if we believe that we have sufficient funds for our current or future operating plans. If we raise additional capital through the sale of equity or convertible debt securities, the issuance of these securities could result in further dilution to our stockholders.

USE OF PROCEEDS

We estimate that the net proceeds from the cash exercise of the Pre-Funded Warrants and Common Warrants, if exercised in full, will be approximately \$29.1 million, after deducting estimated offering expenses payable by us.

We intend to use the net proceeds from the cash exercise of the Pre-Funded Warrants and Common Warrants for general corporate purposes, which may include acquisitions, repayment of debt, repurchases of shares of common stock by the Company, purchases of Bitcoin, the purchase or sale of puts, calls or options relating to Bitcoin and/or shares of common stock, including working capital.

Investors must rely on the judgment of our management, who will have broad discretion regarding the application of the net proceeds of the cash exercise of the Pre-Funded Warrants and Common Warrants. The amounts and timing of our actual expenditures will depend upon numerous factors, including market conditions, cash generated by our operations (if any), business developments and the rate of our growth. We may find it necessary or advisable to use portions of the proceeds of the cash exercise of the Pre-Funded Warrants and Common Warrants for other purposes. Pending these uses, we intend to invest the net proceeds of this offering in a money market or other interest-bearing account.

DIVIDEND POLICY

Holders of our common stock are entitled to receive dividends when, as and if declared by our board of directors out of funds legally available for payment, subject to the rights of holders, if any, of any class of stock having preference over the common stock. Any decision to pay dividends on our common stock will be at the discretion of our board of directors. Our board of directors may or may not determine to declare dividends in the future. The board's determination to issue dividends will depend upon our profitability and financial condition, any contractual restrictions, restrictions imposed by applicable law and the SEC, and other factors that our board of directors deems relevant.

DESCRIPTION OF SECURITIES

Authorized Capital Stock

Our certificate of incorporation authorizes us to issue 255,000,000 shares of capital stock consisting of 250,000,000 shares of common stock, par value \$0.00001 per share and 5,000,000 shares of preferred stock, par value \$0.00001 per share.

Common Stock

Shares of our common stock have the following rights, preferences and privileges:

Voting

Each holder of common stock is entitled to one vote for each share of common stock held on all matters submitted to a vote of stockholders. Any action at a meeting at which a quorum is present will be decided by the affirmative vote by the holders of a majority in voting power of the votes cast (excluding abstentions and broker non-votes) on such matter, except in the case of any election of directors, which will be decided by a plurality of votes cast. There is no cumulative voting.

Dividends

Holders of our common stock are entitled to receive dividends when, as and if declared by our board of directors out of funds legally available for payment, subject to the rights of holders, if any, of any class of stock having preference over the common stock. Any decision to pay dividends on our common stock will be at the discretion of our board of directors. Our board of directors may or may not determine to declare dividends in the future. The board's determination to issue dividends will depend upon our profitability and financial condition, any contractual restrictions, restrictions imposed by applicable law and the SEC, and other factors that our board of directors deems relevant.

Liquidation Rights

In the event of a voluntary or involuntary liquidation, dissolution or winding up of the Company, the holders of our common stock will be entitled to share ratably on the basis of the number of shares held in any of the assets available for distribution after we have paid in full, or provided for payment of, all of our debts and after the holders of all outstanding series of any class of stock have preference over the common stock, if any, have received their liquidation preferences in full.

Other

Our issued and outstanding shares of Common Stock are fully paid and non-assessable. Holders of shares of our Common Stock are not entitled to preemptive rights. Shares of our Common Stock are not convertible into shares of any other class of capital stock, nor are they subject to any redemption or sinking fund provisions.

Preferred Stock

We are authorized to issue up to 5,000,000 shares of preferred stock. Our certificate of incorporation authorizes our board of directors to issue these shares in one or more series, to determine the designations and the powers, preferences and relative, participating, optional or other special rights and the qualifications, limitations and restrictions thereof, including the dividend rights, conversion or exchange rights, voting rights (including the number of votes per share), redemption rights and terms, liquidation preferences, sinking fund provisions and the number of shares constituting the series. Our board of directors could, without stockholder approval, issue preferred stock with voting and other rights that could adversely affect the voting power and other rights of the holders of common stock which could have the effect of making it more difficult for a third party to acquire, or of discouraging a third party from attempting to acquire, a majority of our outstanding voting stock.

On February 3, 2026, our board of directors designated 100,000 shares of preferred stock as Series A Preferred Stock, par value \$0.00001 per share. The Series A Preferred Stock has certain rights and preferences, as set forth in the certificate of designation, that are greater than, and may materially limit or qualify, the rights of our common stock.

The Series A Preferred Stock is reserved for issuance in connection with the Rights (as defined below) pursuant to the Rights Agreement. Upon issuance, each holder of the Series A Preferred Stock will be entitled to 1,000 votes, subject to adjustment as described in the certificate of designation, for each share of Series A Preferred Stock held on all matters submitted to a vote of stockholders. The Series A Preferred Stock ranks junior to any other series of our preferred stock. Subject to any preference rights of holders of any superior stock that we may issue in the future, and upon issuance of any Series A Preferred Stock, holders of our Series A Preferred Stock will be entitled to receive quarterly dividends, if any are declared by our board of directors out of legally available funds, in an amount per share (rounded to the nearest cent), subject to adjustment as described in the certificate of designation, equal to 1,000 multiplied by the aggregate per share amount of all cash dividends, and 1,000 multiplied by the aggregate per share amount (payable in kind) of all non-cash dividends or other distributions, other than a dividend payable in shares of common stock or a subdivision of the outstanding shares of common stock (by reclassification or otherwise) declared on the common stock since the immediately preceding quarterly dividend payment date or, with respect to the first quarterly dividend payment date, since the first issuance of any share or fraction of a share of Series A Preferred Stock.

In the event of our liquidation, dissolution or winding up, the holders of our outstanding Series A Preferred Stock are entitled to receive an amount per share equal to 1,000 multiplied by the aggregate amount to be distributed in respect of the common stock upon such liquidation, dissolution or winding up.

Description of Rights to Purchase Series A Preferred Stock

On February 3, 2026, our board of directors declared a dividend of one preferred stock purchase right (a “Right”) for each share of common stock outstanding as of February 13, 2026, pursuant to a Rights Agreement with Computershare Trust Company, N.A., as Rights Agent (the “Rights Agreement”).

The following is a summary description of the Rights as of March 23, 2026, and is qualified in its entirety by the detailed terms and conditions of the Rights Agreement and the certificate of designations.

Each Right entitles the holder to purchase one one-thousandth of a share of Series A Preferred Stock at a purchase price of \$15.00, subject to adjustment. The Rights are initially attached to all common stock and will separate and become exercisable upon a person or group acquiring beneficial ownership of 12.5% or more of the outstanding common stock (an “Acquiring Person”), subject to certain exceptions for the Company, its employee benefit plans, grandfathered stockholders, and passive institutional investors filing on Schedule 13G. The Rights will expire on February 2, 2027, and may be redeemed by our board of directors at \$0.00001 per Right prior to any person becoming an Acquiring Person.

Distribution Date; Exercisability; Expiration

Initially, the Rights will be attached to all certificates of common stock, and no separate certificates evidencing the Rights (“Right Certificates”) will be issued. Until the Distribution Date (as defined below), the Rights will be transferred with and only with the common stock. As long as the Rights are attached to the common stock, the Company will issue one Right with each new common stock so that all such common stock will have Rights attached.

The Rights will separate and begin trading separately from the common stock, and Right Certificates will be caused to evidence the Rights, on the earlier to occur of (i) the Close of Business (as such term is defined in the Rights Agreement) on the 10th day following a public announcement, or the public disclosure of facts indicating (or our board of directors becoming aware), that a Person (as such term is defined in the Rights Agreement) or group of affiliated or associated Persons has acquired Beneficial Ownership (as defined below) of 12.5% or more of the outstanding common stock (an “Acquiring Person”) (or, in the event our board of directors determines to effect an exchange in accordance with Section 24 of the Rights Agreement and our board of directors determines that a later date is advisable, then such later date) or (ii) the Close of Business on the 10th Business Day (as such term is defined in the Rights Agreement) (or such later date as may be determined by action of our board of directors prior to such time as any Person becomes an Acquiring Person) following the commencement of a tender offer or exchange offer the consummation of which would result in the Beneficial Ownership by a Person or group of 12.5% or more of the outstanding common stock (the earlier of such dates, the “Distribution Date”). As soon as practicable after the Distribution Date, unless the Rights are recorded in book-entry or other uncertificated form, the Company will prepare and cause the Right Certificates to be sent to each record holder of common stock as of the Distribution Date.

An “Acquiring Person” will not include (i) the Company, (ii) any Subsidiary (as such term is defined in the Rights Agreement) of the Company, (iii) any employee benefit plan of the Company or of any Subsidiary of the Company, (iv) any entity holding common stock for or pursuant to the terms of any such employee benefit plan or (v) any Person who or which, together with all Affiliates and Associates (as such terms are defined in the Rights Agreement) of such Person, at the time of the first public announcement of the Rights Agreement, is a Beneficial Owner (as such term is defined in the Rights Agreement) of 12.5% or more of the common stock then outstanding (a “Grandfathered Stockholder”). However, if a Grandfathered Stockholder becomes, after such time, the Beneficial Owner of any additional common stock (regardless of whether, thereafter or as a result thereof, there is an increase, decrease or no change in the percentage of common stock then outstanding Beneficially Owned (as such term is defined in the Rights Agreement) by such Grandfathered Stockholder) then such Grandfathered Stockholder shall be deemed to be an Acquiring Person unless, upon such acquisition of Beneficial Ownership of additional common stock, such person is not the Beneficial Owner of 12.5% or more of the common stock then outstanding. In addition, upon the first decrease of a Grandfathered Stockholder’s Beneficial Ownership below 12.5% of the common stock then outstanding, such Grandfathered Stockholder will no longer be deemed to be a Grandfathered Stockholder. In the event that after the time of the first public announcement of the Rights Agreement, any agreement, arrangement or understanding pursuant to which any Grandfathered Stockholder is deemed to be the Beneficial Owner of common stock expires, is settled in whole or in part, terminates or no longer confers any benefit to or imposes any obligation on the Grandfathered Stockholder, any direct or indirect replacement, extension or substitution of such agreement, arrangement or understanding with respect to the same or different common stock that confers Beneficial Ownership of common stock shall be considered the acquisition of Beneficial Ownership of additional common stock by the Grandfathered Stockholder and render such Grandfathered Stockholder an Acquiring Person for purposes of the Rights Agreement unless, upon such acquisition of Beneficial Ownership of additional common stock, such person is not the Beneficial Owner of 12.5% or more of the common stock then outstanding.

An “Acquiring Person” shall not include any Person which, together with all Affiliates and Associates of such Person, is the Beneficial Owner of common stock representing less than 20% of the common stock then outstanding, and which is entitled to file, and files, a statement on Schedule 13G pursuant to Rule 13d-1(b) or 13d-1(c) of the General Rules and Regulations under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), with respect to the common stock Beneficially Owned by such Person (a “13G Investor”); provided, that a Person shall not qualify as a 13G Investor if it has filed a statement on Schedule 13D (“Schedule 13D”) in the past five years with respect to common stock Beneficially Owned by such Person pursuant to Rule 13d-1(a), 13d-1(e), 13d-1(f) or 13d-1(g) of the General Rules and Regulations under the Exchange Act; provided, further, that a Person who was a 13G Investor shall no longer be a 13G Investor if it either (i) files a statement on Schedule 13D or (ii) becomes no longer entitled to file a statement on Schedule 13G (the earlier to occur of (i) and (ii), the “13D Event”), and such Person shall be an Acquiring Person if it is the Beneficial Owner (together with all Affiliates and Associates) of 12.5% or more of the common stock then outstanding at any point from and after the time of the 13D Event; provided, however, such Person shall not be an Acquiring Person if (i) on the first Business Day after the 13D Event such Person notifies the Company of its intent to reduce its Beneficial Ownership to below 12.5% as promptly as practicable and (ii) such Person reduces its Beneficial Ownership (together with all Affiliates and Associates of such Person) to below 12.5% of the common stock as promptly as practicable (but in any event not later than 10 days from such time); provided, further, that such Person shall become an “Acquiring Person” if, after reducing its Beneficial Ownership to below 12.5%, it subsequently becomes the Beneficial Owner of 12.5% or more of the common stock then outstanding or if, prior to reducing its Beneficial Ownership to below 12.5%, it increases (or makes any offer or takes any other action that would increase) its Beneficial Ownership of the then-outstanding common stock above the lowest Beneficial Ownership of such Person at any time during such 10-day period.

“Beneficial Ownership” is defined in the Rights Agreement to include any securities (i) which a Person or any of such Person’s Affiliates or Associates beneficially owns, directly or indirectly, within the meaning of Rule 13d-3 or 13d-5 of the General Rules and Regulations under the Exchange Act or has the right or ability to vote, or the right to acquire, pursuant to any agreement, arrangement or understanding (except under limited circumstances), (ii) which are directly or indirectly Beneficially Owned by any other Person with which a Person has any agreement, arrangement or understanding for the purpose of acquiring, holding, voting or disposing of such securities, or obtaining, changing or influencing control of the Company, or (iii) which are the subject of, or the reference securities for, or that underlie, certain Derivative Positions (as such term is defined in the Rights Agreement) of any Person or any of such Person’s Affiliates or Associates.

The Rights are not exercisable until the Distribution Date. The Rights will expire on the Close of Business on February 2, 2027 (the “Final Expiration Date”).

Exempt Persons and Transactions

The board of directors may, in its sole and absolute discretion, determine that a Person is exempt from the Rights Agreement (an “Exempt Person”), so long as such determination is made prior to such time as such Person becomes an Acquiring Person. Any Person will cease to be an Exempt Person if our board of directors makes a contrary determination with respect to such Person regardless of the reason therefor. In addition, our board of directors may, in its sole and absolute discretion, exempt any transaction from triggering the Rights Agreement so long as the determination in respect of such exemption is made prior to such time as any Person becomes an Acquiring Person.

Qualifying Offer Exemption

The Rights Agreement includes a “qualifying offer” provision, whereby the Rights will automatically expire concurrently with (but no earlier than 90 Business Days after the commencement of a Qualifying Offer (as defined in the Rights Agreement)) the acceptance, for purchase or exchange, of more than two-thirds of the common stock then outstanding on a fully diluted basis (excluding from the calculation of the number of common stock purchased or exchanged any common stock Beneficially Owned by the offeror or its Affiliates and Associates) pursuant to a tender or exchange offer for all of the common stock then outstanding for the same consideration, provided that the offeror irrevocably commits to purchase all remaining untendered common stock for the same per share consideration actually paid pursuant to the offer.

Flip-in Event

If a Person or group becomes an Acquiring Person at any time after the date of the Rights Agreement (with certain limited exceptions), the Rights will become exercisable for common stock having a value equal to two times the exercise price of the Right. From and after the announcement that any Person has become an Acquiring Person, if the Rights evidenced by a Right Certificate are or were acquired or Beneficially Owned by an Acquiring Person or any Associate or Affiliate of an Acquiring Person, such Rights shall become void, and any holder of such Rights shall thereafter have no right to exercise such Rights. If our board of directors so elects, the Company may deliver upon payment of the exercise price of a Right, an amount of cash, securities, or other property equivalent in value to the common stock issuable upon exercise of a Right.

Exchange

At any time after any Person becomes an Acquiring Person, our board of directors may exchange the Rights (other than Rights owned by any Person which have become void), in whole or in part, at an exchange ratio of one common stock per Right (subject to adjustment). The Company may issue, transfer or deposit such common stock (or other property as permitted under the Rights Agreement) to or into a trust or other entity created upon such terms as our board of directors may determine and may direct that all holders of Rights receive such common stock or other property only from the trust. In the event our board of directors determines, before the Distribution Date, to effect an exchange, our board of directors may delay the occurrence of the Distribution Date to such time as it deems advisable.

Flip-over Event

If, at any time after a Person becomes an Acquiring Person, (i) the Company consolidates with, or merges with, any other Person (or any Person consolidates with, or merges with, the Company) and, in connection with such consolidation or merger, all or part of the common stock are or will be changed into or exchanged for stock or other securities of any other Person or cash or any other property; or (ii) 50% or more of the Company's consolidated assets or Earning Power (as defined in the Rights Agreement) are sold, then proper provision will be made so that each holder of a Right will thereafter have the right to receive, upon the exercise thereof at the then current exercise price of the Right, that number of shares of common stock of the acquiring company which at the time of such transaction will have a market value of two times the exercise price of the Right.

Redemption

At any time prior to the time any Person becomes an Acquiring Person, our board of directors may redeem the Rights in whole, but not in part, at a price of \$0.00001 per Right (the "Redemption Price"). The redemption of the Rights may be made effective at such time, on such basis and with such conditions as our board of directors in its sole discretion may establish. Immediately upon any redemption of the Rights, the right to exercise the Rights will terminate and the only right of the holders of Rights will be to receive the Redemption Price.

Amendment

The terms of the Rights may be amended by our board of directors without the consent of the holders of the Rights, except that from and after such time as any Person becomes an Acquiring Person no such amendment may adversely affect the interests of the holders of the Rights (other than the Acquiring Person and its Affiliates and Associates).

Preferred Stock Rights

Each one-thousandth of a Preferred Stock will entitle the holder thereof to the same dividends and liquidation rights as if the holder held one common stock and will be treated the same as a common stock in the event of a merger, consolidation or other share exchange.

Rights of Holders

Until a Right is exercised, the holder thereof, as such, will have no rights as a stockholder of the Company, including, without limitation, the right to vote or to receive dividends.

Certificate of Incorporation and Bylaw Provisions

Our certificate of incorporation and third amended and restated bylaws include a number of anti-takeover provisions that may have the effect of encouraging persons considering unsolicited tender offers or other unilateral takeover proposals to negotiate with our board of directors rather than pursue non-negotiated takeover attempts. These provisions include:

Advance Notice Requirements. Our third amended and restated bylaws establish advance notice procedures with regard to stockholder proposals relating to the nomination of candidates for election as directors or new business to be brought before meetings of stockholders. These procedures provide that notice of stockholder proposals must be timely and given in writing to our corporate Secretary. Generally, to be timely, notice must be received at our principal executive offices not less than 90 calendar days nor more than 120 calendar days prior to the one-year anniversary of the preceding year's annual meeting of stockholders. The notice must contain the information required by the third amended and restated bylaws, including information regarding the proposal and the proponent.

Special Meetings of Stockholders. Our certificate of incorporation provides that, subject to the special rights of the holders of one or more series of Preferred Stock, special meetings of stockholders may be called, for any purpose or purposes, at any time only by or at the direction of our board of directors, the chairperson of the board of directors, the Chief Executive Officer or President, and shall not be called by any other person or persons.

No Written Consent of Stockholders. Our certificate of incorporation provides that any action required or permitted to be taken by stockholders must be effected at a duly called annual or special meeting of stockholders at which a quorum is present, and may not be effected by any consent in writing by such stockholders. Notwithstanding the foregoing, any action required or permitted to be taken by the holders of any series of preferred stock, voting separately as a series or separately as a class with one or more other such series, may be taken without a meeting, without prior notice and without a vote, to the extent expressly so provided by the applicable certificate of designations relating to such series of preferred stock, if a consent or consents in writing, setting forth the action so taken, shall be signed by the holders of outstanding shares of the relevant series of preferred stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted and shall be delivered to us in accordance with the applicable provisions of the General Corporation Law of the State of Delaware (the "DGCL").

Board of Directors. Our third amended and restated bylaws provide that each director, including a director elected to fill a vacancy or newly created directorship, shall hold office until the expiration of the term of the class, if any, for which elected and until such director's successor is elected and qualified or until such director's earlier death, resignation, disqualification or removal. Our board of directors is not classified, and all directors are elected annually at the annual meeting of stockholders.

Amendment of Bylaws. Our board of directors is expressly empowered to adopt, amend or repeal our third amended and restated bylaws. Our stockholders may also adopt, amend or repeal any provisions of our third amended and restated bylaws by obtaining, in addition to any other vote required by our certificate of incorporation or applicable law, the affirmative vote of the holders of at least a majority of the voting power of all the then-outstanding shares of voting stock of the Company with the power to vote generally in an election of directors, voting together as a single class.

Preferred Stock. Our certificate of incorporation authorizes our board of directors to create and issue rights entitling our stockholders to purchase shares of our stock or other securities. The ability of our board to establish the rights and issue substantial amounts of preferred stock without the need for stockholder approval may delay or deter a change in control of us. See the section titled "*Preferred Stock*" above.

Delaware Takeover Statute

We are subject to Section 203 of the DGCL ("Section 203") which, subject to certain exceptions, prohibits a Delaware corporation from engaging in any "business combination" (as defined below) with any interested stockholder for a period of three years following the date that such stockholder became an interested stockholder, unless: (1) prior to such date, the board of directors of the corporation approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder; (2) on consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the voting stock outstanding those shares owned (x) by persons who are directors and also officers and (y) by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to this plan will be tendered in a tender or exchange offer; or (3) on or subsequent to such date, the business combination is approved by the board of directors and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66 $\frac{2}{3}$ % of the outstanding voting stock that is not owned by the interested stockholder.

Section 203 defines generally "business combination" to include: (1) any merger or consolidation involving the corporation and the interested stockholder; (2) any sale, transfer, pledge or other disposition of 10% or more of the assets of the corporation involving the interested stockholder; (3) subject to certain exceptions, any transaction that results in the issuance or transfer by the corporation of any stock of the corporation to the interested stockholder; (4) any transaction involving the corporation that has the effect of increasing the proportionate share of the stock of any class or series of the corporation beneficially owned by the interested stockholder; or (5) the receipt by the interested stockholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits provided by or through the corporation. In general, Section 203 defines an "interested stockholder" as any entity or person beneficially owning 15% or more of the outstanding voting stock of the corporation and any entity or person affiliated with or controlling or controlled by such entity or person.

Limitations on Liability and Indemnification of Officers and Directors

Our certificate of incorporation and third amended and restated bylaws limit the liability of our officers and directors and provide that we will indemnify our officers and directors, in each case, to the fullest extent permitted by the DGCL.

Item 15. Indemnification of Directors and Officers.

Pursuant to Section 145 of the DGCL, a corporation shall have the power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than a derivative action by or in the right of such corporation) by reason of the fact that such person is or was a director, officer, employee or agent of such corporation, or serving at the request of such corporation in such capacity for another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with such action, suit or proceeding, if such person acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of such corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful.

The DGCL also permits indemnification by a corporation under similar circumstances for expenses (including attorneys' fees) actually and reasonably incurred by such persons in connection with the defense or settlement of a derivative action or suit, except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to such corporation unless the Delaware Court of Chancery or the court in which such action or suit was brought shall determine upon application that such person is fairly and reasonably entitled to indemnity for such expenses which such court shall deem proper.

To the extent a present or former director or officer is successful in the defense of such an action, suit or proceeding referenced above, or in defense of any claim, issue or matter therein, a corporation is required by the DGCL to indemnify such person for actual and reasonable expenses incurred in connection therewith. Expenses (including attorneys' fees) incurred by such persons in defending any action, suit or proceeding may be paid in advance of the final disposition of such action, suit or proceeding upon in the case of a current officer or director, receipt of an undertaking by or on behalf of such person to repay such amount if it is ultimately determined that such person is not entitled to be so indemnified. The DGCL provides that the indemnification described above shall not be deemed exclusive of other indemnification that may be granted by a corporation pursuant to its bylaws, disinterested directors' vote, stockholders vote and agreement or otherwise.

Section 102(b)(7) of the DGCL enables a corporation, in its certificate of incorporation or an amendment thereto, to eliminate or limit the personal liability of a director to the corporation or its stockholders for monetary damages for violations of the directors' fiduciary duty, except (i) for any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) pursuant to Section 174 of the DGCL (providing for liability of directors for unlawful payment of dividends or unlawful stock purchases or redemptions) or (iv) for any transaction from which a director derived an improper personal benefit. The Registrant's amended and restated certificate of incorporation provides for such limitations on liability for its directors.

The DGCL also provides corporations with the power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of such corporation, or is or was serving at the request of such corporation in a similar capacity for another corporation, partnership, joint venture, trust or other enterprise, against any liability asserted against him or her in any such capacity or arising out of his or her status as such, whether or not the corporation would have the power to indemnify him or her against such liability as described above. In connection with this offering, the Registrant will obtain liability insurance for its directors and officers. Such insurance would be available to its directors and officers in accordance with its terms.

The Registrant's bylaws requires the Registrant to indemnify and hold harmless, to the fullest extent permitted by applicable law as it presently exists or may hereafter be amended, any person (a "covered person") who was or is made or is threatened to be made a party or is otherwise involved in any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (a "proceeding") by reason of the fact that he or she is or was a director, officer or member of a committee of the Registrant, or, while a director or officer of the Registrant, is or was serving at the request of the Registrant as a director or officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise or non-profit entity, including service with respect to employee benefit plans, against all liability and loss suffered and expenses (including attorneys' fees), judgment, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with a proceeding.

In addition, under the Registrant's bylaws, in certain circumstances, the Registrant shall pay the expenses (including attorneys' fees) incurred by a covered person in defending a proceeding in advance of the final disposition of such proceeding; provided, however, that the

Registrant shall not be required to advance any expenses to a person against whom the Registrant directly brings an action, suit or proceeding alleging that such person (1) committed an act or omission not in good faith or (2) committed an act of intentional misconduct or a knowing violation of law. Additionally, an advancement of expenses incurred by a covered person shall be made only upon delivery to the Registrant of an undertaking, by or on behalf of such covered person, to repay all amounts so advanced if it shall ultimately be determined by final judicial decision from which there is no further right to appeal or otherwise in accordance with Delaware law that such covered person is not entitled to be indemnified for such expenses.

In addition, the Registrant has entered into indemnification agreements with its directors and executive officers that provide for additional indemnification protections.

Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;
 - iii. To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that the undertakings set forth in paragraphs (1)(i), (1)(ii) and (1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in this registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of this registration statement.

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
 - (A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
 - (B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

- (5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser: (i) any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424; (ii) any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant; (iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and (iv) any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

Re: Post-Effective Amendment No. 2 to Registration Statement on Form S-3

Ladies and Gentlemen:

We have acted as counsel to Empery Digital Inc., a Delaware corporation (the “Company”), in connection with Post-Effective Amendment No. 2 to the above-referenced registration statement on Form S-3 (File No. 333-290374) (as amended, the “Registration Statement”) filed on the date hereof by the Company with the Securities and Exchange Commission (the “Commission”) under the Securities Act of 1933, as amended (the “Securities Act”), relating to the registration under the Securities Act and the proposed issuance and sale from time to time pursuant to Rule 415 under the Securities Act of up to \$200,000,000 of:

- (i) shares of the Company’s common stock, \$0.00001 par value per share (the “Common Stock”);
- (ii) one or more series of debt securities of the Company (the “Debt Securities”), which Debt Securities may include senior debt securities or subordinated debt securities issued under an indenture, including any supplemental indenture related thereto, and may be convertible into or exchangeable for other Securities (as defined below);
- (iii) shares of preferred stock of the Company, \$0.00001 par value per share (the “Preferred Stock”);
- (iv) warrants to purchase shares of Common Stock, shares of Preferred Stock or Debt Securities (the “Warrants”);
- (v) rights to purchase shares of Common Stock (the “Rights”); and
- (vi) units consisting of one or more of the other securities of the Company described in the Registration Statement (the “Units”), each issued pursuant to the terms of a unit agreement.

The Common Stock, the Debt Securities, the Preferred Stock, the Warrants, the Rights and the Units are referred to herein collectively as the “Securities.”

In connection with this opinion letter, we have examined such certificates, documents and records and have made such investigation of fact and such examination of law as we have deemed appropriate in order to enable us to render the opinions set forth herein. In conducting such investigation, we have relied, without independent verification, upon certificates of officers of the Company, public officials and other appropriate persons.

The opinions expressed below are limited to the laws of the State of New York and the Delaware General Corporation Law (“DGCL”).

Based upon and subject to the foregoing and the assumptions, qualifications and limitations set forth below, we are of the opinion that:

1. When (i) the issuance and sale of any shares of Common Stock have been duly authorized by all necessary corporate action of the Company and (ii) such shares have been issued and delivered against payment of the purchase price therefor (in an amount in excess of the par value thereof) in accordance with the applicable purchase, underwriting or other agreement, and as contemplated by the Registration Statement, such shares of Common Stock will be validly issued, fully paid and nonassessable. The Common Stock covered in the opinion in this paragraph includes any shares of Common Stock that may be issued upon exercise, conversion or exchange pursuant to the terms of any other Securities.
2. When (i) the terms of any Debt Securities and their issuance and sale have been duly authorized by all necessary corporate action of the Company and (ii) such Debt Securities have been duly executed, authenticated and delivered against payment of the purchase price therefor in accordance with the applicable definitive purchase, underwriting or similar agreement, as contemplated by the Registration Statement, and in the manner provided for in the applicable indenture, such Debt Securities will constitute valid and binding obligations of the Company enforceable against the Company in accordance with their respective terms. The Debt Securities covered in the opinion in this paragraph include any Debt Securities that may be issued upon exercise, conversion or exchange pursuant to the terms of any other Securities.
3. When (i) the terms of any Preferred Stock of a particular series and their issuance and sale have been duly authorized by all necessary corporate action of the Company, (ii) a certificate of amendment to the Company’s amended and restated certificate of incorporation with respect to such series of Preferred Stock has been duly adopted by the Company and filed with the Secretary of the State of Delaware in accordance with the DGCL and (iii) such shares of Preferred Stock have been issued and delivered against payment of the purchase price therefor (in an amount in excess of the par value thereof) in accordance with the applicable purchase, underwriting or other agreement, and as contemplated by the Registration Statement, such shares of Preferred Stock will be validly issued, fully paid and nonassessable. The Preferred Stock covered in the opinion in this paragraph includes any shares of Preferred Stock that may be issued upon exercise, conversion or exchange pursuant to the terms of any other Securities.
4. When (i) the terms of any Warrants and their issuance and sale have been duly authorized by all necessary corporate action of the Company and (ii) such Warrants have been duly executed, countersigned and delivered in accordance with the applicable warrant agreement and against payment of the purchase price therefor in accordance with the applicable purchase, underwriting or other agreement, and as contemplated by the Registration Statement, such Warrants will constitute valid and binding obligations of the Company enforceable against the Company in accordance with their terms.
5. When (i) the terms of any Rights and their issuance and sale have been duly authorized by all necessary corporate action of the Company and (ii) such Rights have been duly executed, countersigned and delivered in accordance with the applicable rights agreement and against payment of the purchase price therefor in accordance with the applicable purchase, underwriting or other agreement, and as contemplated by the Registration Statement, such Rights will constitute valid and binding obligations of the Company enforceable against the Company in accordance with their terms.
6. When (i) the terms of any Units and their issuance and sale have been duly authorized by all necessary corporate action of the Company and (ii) such Units have been duly executed (if the Units are represented by a separate instrument) and delivered in accordance with the applicable purchase, underwriting or other agreement, and as contemplated by the Registration Statement, such Units will constitute valid and binding obligations of the Company, enforceable against the Company in accordance with their respective terms.

In rendering the opinions set forth above, we have assumed that (i) the Registration Statement will have become effective under the Securities Act, a prospectus supplement will have been prepared and filed with the Commission describing the Securities offered thereby and such Securities will have been issued and sold in accordance with the terms of such prospectus supplement; (ii) a definitive purchase, underwriting or similar agreement and any applicable indenture (including any supplemental indenture), rights agreement or warrant agreement pursuant to which such Securities may be issued, will have been duly authorized, executed and delivered by the Company and the other parties thereto, and the specific terms of such Securities will have been duly established in conformity with the applicable agreement and the articles of organization and bylaws of the Company (if applicable); (iii) at the time of the issuance of any Securities, the Company will be a validly existing corporation under the law of its jurisdiction of incorporation; (iv) the number of shares of Common Stock issued pursuant to the Registration Statement, together with the number of shares outstanding or reserved at the time of issuance, will not exceed the respective number of shares authorized by the Company's amended and restated certificate of incorporation, as amended, in effect at the time of such issuance; (v) the number of shares of Preferred Stock issued pursuant to the Registration Statement, together with the number of shares outstanding or reserved at the time of issuance, will not exceed the respective number of shares authorized by the Company's amended and restated certificate of incorporation in effect at the time of such issuance; and (vi) all the foregoing actions to be taken by the Company will have been taken so as not to violate any applicable law and so as to comply with any requirement or restriction imposed by any court or governmental or regulatory body having jurisdiction over the Company or any of its property.

Our opinions set forth above are subject to (a) bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance and similar laws affecting the rights and remedies of creditors generally and (b) general principles of equity. Our opinions are also subject to the qualification that the enforceability of provisions in any applicable indenture (including any supplemental indenture thereto) providing for indemnification or contribution, broadly worded waivers, waivers of rights to damages or defenses, waivers of unknown or future claims, and waivers of statutory, regulatory or constitutional rights may be limited on public policy or statutory grounds. In addition, we express no opinion with respect to the enforceability of rights to receive prepayment premiums or the unaccrued portion of original issue discount upon acceleration of any Debt Securities, in each case to the extent determined to be unreasonable or to constitute unmatured interest or judgment currency provisions.

We hereby consent to the filing of this opinion letter as an exhibit to the Registration Statement and to the use of our name therein and in the related prospectus under the caption "Legal Matters." In giving such consent, we do not thereby admit that we are in the category of persons whose consent is required under Section 7 of the Securities Act or the rules and regulations of the Commission thereunder.

Very truly yours,

/s/ Ropes & Gray LLP
